

# A Special Day Everyone's A Winner

For the past 9 years there has been a special program at Bulldog Stadium dedicated to special people. This program made the individual's effort its goal, and everyone who participated came out a winner.

Junior, Leah Bell commented "I knew some of the kids already from working at Camp David, but each time I work with them I learn a little more about myself. It makes me more appreciative." This sentiment is one repeatedly expressed by volunteers and teachers working with these brave athletes. In this event sponsors, participants, teachers, and parents all had a good time and came away with a feeling of accomplishment.

by Amy Alexander

**Determination** is plainly written on the face of this young competitor.

**Joyce Blake** and Harvey Shear share a hug after one event.

**Ricky Griffin** makes some "special" friends on Olympics Day.
