

SEIZE

T H E D A Y

For the first time in years, the football team was expected to have a winning season and the academic program seemed to be on an up-swing. The band even won the state championship in Class AAAA for the second consecutive year. Never before had such optimism overcome the school and the town as record breaking crowds of over 6,000 screaming fans filled Bulldog Stadium for Friday night football games and band shows. What many believed was going to be a "dud" year had turned out to be, as one newspaper reported, "The Year of The Bulldog." However the students knew if they wanted to keep this reputation for excellence, they would have to continue their efforts and SEIZE THE DAY.
