

THE WEEK'S END

Finally Friday had arrived, and the avidly awaited weekend was at hand.

Weekends were spent in a variety of activities from sleeping late, to shopping, to attending games, to going to parties.

"Weekends are a time to socialize and to sleep in," sophomore Dawn Newton said.

Weekends allowed students to catch up on much needed rest. Since the weekdays were filled with tests and homework, many teens lacked the required amount of sleep.

Weekends gave students the chance to escape the pressures of school. Some students traveled to malls to look at clothes, try different foods and check-out the surrounding group of people.

Football and basketball games also provided a get-a-way on the weekends. Many students enjoyed the excitement of the game and the enthusiasm of the fans at the games. From touchdowns to baskets, the Bulldogs appeared to be on top most of the time.

"Weekends are a time to be with friends and to party," junior

Tina Groves said.

Partying was number one on the weekend relaxation list. Parties were an escape from parental supervision and a way to express one's individuality. Junior/Senior weekend provided a journey away from Walterbro to the sun and fun of Edisto Beach.

"Weekends are the best part of the week. Teens are able to do things other than school work and really be themselves," junior Kristen Nettles.
