wishes the  
class of '91  
great success!

# Classic Style

For the past several years the Band of Blue Booster Club has hosted the Palmetto Band Classic. The Band Classic provides the organization with its main source of raising revenue. All profits made from the sale of concessions go directly into the Booster Club's treasury.

A number of bands from around the state came to compete this year in Class A, AA, AAA and AAAA. A competition this early in the season provided a chance for all bands entered to receive construction criticism to improve upon each band's

overall performance.

For the competition to run smoothly, help from band members was required. About thirty band members contributed their time to serve as guides and stampers.

Although the Band of Blue was not allowed to compete along with the other bands because it was the host band, the band did, however, receive a rating of superior for its performance. President of the Booster Club was Mrs. Lib Varnadoe.

**Western music highlighted the bands performance this season.**
