

1998-1999...

Being a **Junior** meant being an "upper classman" and being able to go to prom. Most started showing signs of "senioifitis" by this time!

Terrence Adams threw the ball to first base in order to get the opposing player out.

In the air Esther Hollington gets ready to land in the dirt and make her mark!

Tailback, Keith Kelly heads for the endzone.

After three long years of hard work and play the class of 2000 was known as the **Seniors!**

Some students who started a sport didn't excel, but many played out four years and showed they had what it took to be a legacy at Walterboro High.

A lot of things happened over the years. The football team won the State Championship against Hartsville in 1997. In 1998 Coach Brian Ried, along with Coach Kenneth Schofeild and many anxious girls started the first ever girls soccer team. And in 1999 the Varsity cheerleaders performed at the Gator Bowl on New Years Day.

After all the hard work and sweat was over the class of 2000 could **look back** and know that they made their marks!
