Students and Faculty:

We would like to express our appreciation and gratefulness to all of those who helped make this edition of the Jacksonion possible.

First, those members of the annual staff who really worked hard deserve most of the credit. These members gave up many hours of their summer vacations to collect ads, stayed after school to meet deadlines, worked during study halls, and were there when we needed them.

We are most grateful to Mrs. Hiers, our sponsor, whose patience, help, and understanding lasted longer than anyone could have expected.

A special thanks goes to our Headmaster, Mr. Louis J. O'Gorman, and

the wonderful faculty for understanding, cooperating, and supporting us in our endeavors.

To Mr. Charlie Tumbleston, NPI Photographer, Mr. Jack Young, American Yearbook Company Representative, and the advertisers for their financial support, we say a special "Thank You!"

We, of the annual staff, hope that the Jacksonion V conveys happy memories of Andrew Jackson Academy during the years 1975-1976.

Again, thanks to all!
