

A CLASSY GROUP ... The Senior Class of 1990!!

A Classic Goodbye

We express our gratitude to everyone who has attributed to our education. The years we have spent here at AJA will always be special. We leave with sadness but also with great hopes of a bright future. As we go our separate ways in life, we will cherish the fond memories of AJA. By having such a

solid background, we know the obstacles that lie ahead of us will be easily overcome. Again, we thank our parents, teachers, and friends for all your support, care, and love. We love you all!
