

Having Fun Our Way

Harvest Carnival

Our annual Harvest Carnival was not held at the traditional Halloween time of the year. Everyone still had a blast. The younger children and a few of the older ones had fun playing games such as fishing, guess the pennies, break the record and pop the balloons. Other games included bingo and target shooting. Areas of interest for the mature in mind, but young at heart were the auctions, arts & crafts, and baked goods.

High school students supported their school by playing bingo at the Harvest Carnival.

I think I caught something!
