The Junior Class had an important year in store for them when they walked in on the very first day of school. The Juniors had to work hard and raise lots of money to construct a prom for all to remember. Choosing the scene, music, theme and even the glasses produced a great task for all the Juniors. Selling doughnuts, fruit and raffling items were on the agenda of fundraisers.

Unbelievably, the Juniors still found time to spare to study and involve themselves in extra curricular activities. Of course, each Junior had time to choose their class ring. The least favorite activity was taking the PSAT.

When asked what are some of the qualities it took to be a Junior, Chasity replied, "Maturity, dedication, and lots of energy are qualities I have found to be useful as a Junior." Jennifer added, "Being a Junior helps you to have responsibility in the many activities that you have to accomplish, whether it be a class officer or selling the many things we have to sell. In the end, it's worth it!"

Mrs. Marsha, Junior sponsor, was responsible for the wild bunch of Juniors. She successfully kept the Juniors busy and continued to arouse the school spirit. Also, she prepared the Juniors for their role as Seniors, as well as for later in life.
