

# The JV Boys

The JV boys had what it took to come out as winners in a game even when they had lost. They put forth the extra effort in working together as a team. Whether it was the ones rebounding or the ones scoring, they were all part of a team. They worked hard at practice, and it helped them a lot. The JV boys, even though some were small, had big hearts.

Richard Moore leads his team out onto the court for warm-ups.

This is mine, all mine! Kyle Hiers holds on to his rebound before putting the ball back up for two points.
