The Sophomore Class is enjoying "the finer pleasures in life." During the weeknights they may concentrate on their schoolwork and participate in sports, but the weekends are a different story. The guys enjoy going hunting while the girls like to go out and hang out with their friends. The Sophomores are looking forward to serving at the prom and prom weekend at the beach but the highlight of the year will be turning sixteen and getting to drive at night. This class has come a long way and are realizing that everything is coming "All In Good Time."

**Leanne Cone** thinks "automatic typewriters" means you have to do nothing but sit and be pretty!
