First things first ... work, then play. That's **Mrs. Ruth's** theory. The five boys and three girls love **Mrs. Ruth** and even though they have lots of classwork agree that she doesn't give too much homework.

The girls are all little cheerleaders and the boys can't wait to be the ones playing sports. **Mrs. Crider** is getting them ready by doing jumping jacks and toe touches. First things first.

Make it a straight line, girls, or you will have to start over.

A sweet little girl with a sweet little smile. That's **Ashley Bryant** in first grade.

Mrs. Ruth Frye gives directions very carefully. Now pay attention, boys and girls!
