

Catch The Spirit

If anyone has spirit, it's this group of fifth graders.

Joshua, Matthew and Rhett assisted the football and celebrated the championship with them. Cassie and Ashley were AJA Little Cheerleaders.

Homework and taking home so many heavy books were the things they liked least.

Being along with sixth graders made it more fun because you had more friends to play with at recess and PE.

It would be a real adventure to catch the spirit with these kids!
