

Abby,

The years have passed too quickly. You have grown from our precious little baby girl into a lovely young lady.

We have been very blessed and proud to have you as a daughter and sister.

You have been our ray of sunshine with your contagious laugh and loving, kind heart.

We only hope and pray that your life continues to be blessed and your dreams fulfilled.

We love you,
MaMa, Gene, Jennifer, Annie,
Granny and Your Special Angel
