## Juniors To Be Successful

With his head in a book, Morris is sure to succeed.

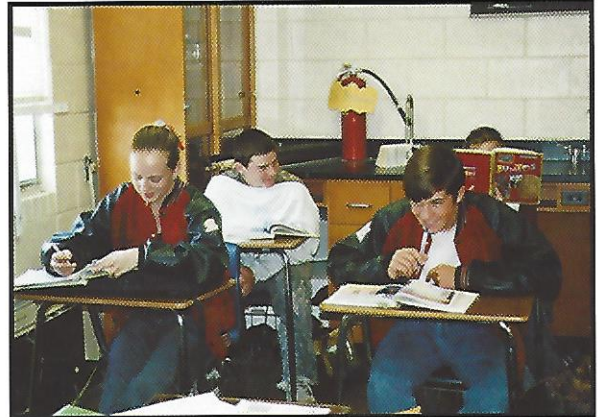

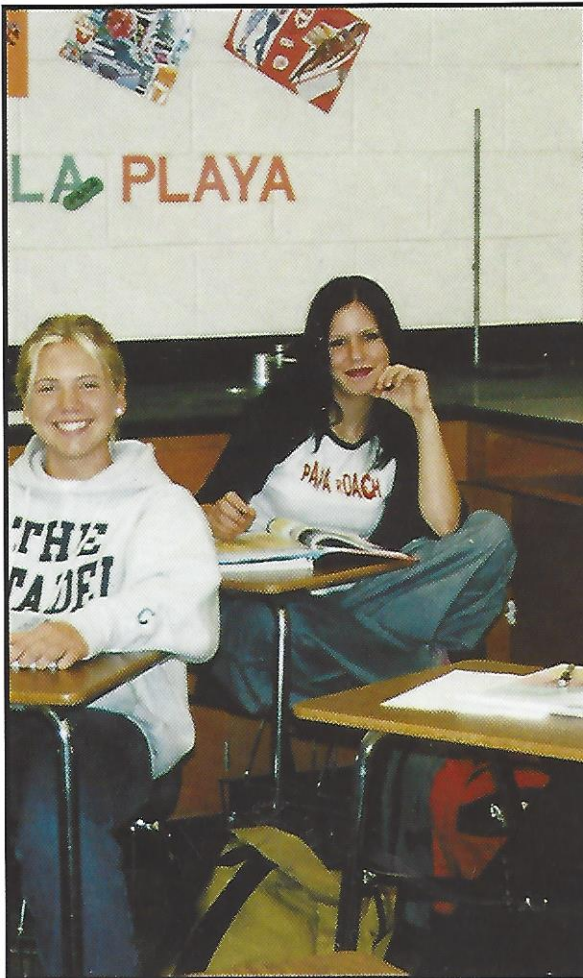

Natasha Meyer believes her success will come if she puts forth her best effort in class.

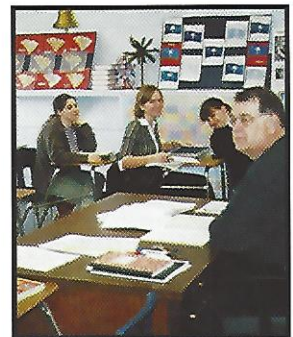

Amanda and Heather knows that paying attention in class will bring them success.

Success awaits even though they love to party and hang out after school.

The Junior class proclaims Cassie as the most athletic but Amanda, Candice, Morris and Philip also play sports. Their favorite class is humanities.

Amber was voted most likely to succeed. Everyone likes ole Porkchop as their favorite pet (Natasha's pig).
