

Sophomores Are Unique

Most of the Sophomore class participates in sports.

The girls enjoy cheering, basketball, softball and the powderpuff game. Guys stand out in their chosen sports of football, basketball, and baseball.

Chris Simmons is the mostly likely to succeed and best all around. Karli Stokes is the most popular. Bittney Barfield is the best dressed. Kyle Seigler is the class clown and most active.

Sophomores have many goals to reach but with two years remaining at AJA they plan to make the most of them. The future looks bright for the Class of 2006.

John Paul Padgett backs up the pretty girls in his class - Brittney and Karli.

John Paul always needs to make a phone call. He needs to have a phone implant to save walking up and down the halls so often.

McKenzie Dobbins seems to be working very hard on her classwork. Keep those grades up.
