

*Big Plans for the Future*

# Explosive Eighth Grade

This explosive group of students has big plans for the future from being a pilot to owning the Rentz Empire.

The class clown is Derek Hutto and the best dressed is Erica Bessinger and Justin Rentz. Their favorite subjects are math, history and, of course, PE.

Sarah Richardson, Brad Sweatman, and Derek Hutto are new to the Class of 2008.

All of the eighth graders are ready to graduate but, boy, do they have a lot to learn. It's not all a cake walk. There's serious work to be done.
