

Gene, when we think of you, we first think of your personality. Your carefree and loving personality is so inspiring. We are so glad you are able to enjoy life as you do. We also think of your sports abilities. Even when you were miles shorter than your opponents, you always gave 150%. Now that you are grown up, you still give sports and life 150%. We have tremendously enjoyed watching you participate in sports and in life. We know you will be the best person you can be and have a life that will make both you and us proud and happy. We love you more than words can describe. James & Mom

Bubba, Well, you've reached another step in life that can take you anywhere. We have had some great times. Hold on to those special memories as you make new memories. I'll never have better memories than those with you. I'll always be here for you for anything. I love you. Kimmie

You may be "Mean Gene" on the football field; but you will always be our "Cutest Little Fella" in our hearts. We hope for you good health, happiness, and blessings each and every day. We will always love you, and we hope that all your dreams come true. Granddaddy and Grandmomma
