

# J U N I O R S

The Junior girls look pretty busy but can't wait for gossip time.

Karlie Stokes looks forward to being a Senior next year.

Brittney Barfield enjoys her classes at AJA. Wow! One more year!

The Junior Class is full of surprises. Some of the students participate in sports and cheerleading. The thing they look forward to most is graduating next year! Their favorite subject this year is humanities. They enjoy school because of all the funny things that happen to "Twinkie." For instance, the time he broke the chair and fell out of it or the time he tripped over the wire in front of the school. Look out, Mrs. Paula, here comes the Class of 2006!

# CLASS OF 2006
