

Riley Ackerman

Anna Carter

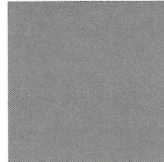

Victoria Martin

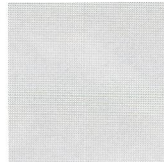

Triston Smoak

First Grade

Entering grammar school can be a frightful thing but with this group of kids they are willing to try anything. Playing with the big boys and girls really impresses them.

Red light, green light is interesting to them all. Pizza is their favorite food. Mrs. Fulmer says Riley has the most energy while Triston keeps it quiet. When holidays come the whole class likes to make crafts.

Mrs. Fulmer enjoys her small first grade but sometimes finds it more challenging to keep them busy.

We wish the best for our first graders and we sure hope your class number increases!

Keep up the good work! You will all succeed.
