

Powder Puff

Powder Puff Football can be a lot of fun but it is quite D-A-N-G-E-R-O-U-S! There is stiff competition among the girls of AJA! They take this annual game seriously and each team wants to be in the winner's circle.

Football

Coaches are brave to take on these dynamite girls who are quite temperamental and not always "understandable;" but then how much do men understand about women anyway! Thanks for giving it your best, coaches.

We appreciate our fans who support our athletes whether they win or lose. It gives the teams great encouragement to have the stands full of excited spectators.
