

*To my favorite seniors: I have known most of you since your first day of school. The other two I have only recently gotten to know, but I love you all very much. Over the years I have watched you grow and mature into the wonderful young adults you are today. I am honored to have been a part of your lives. You will ALWAYS hold a special place in my heart.*

*Brooke, You always have a smile on your face. You are my little encouraging work out pal. This place will be a little less bright without your sweet self next year.*

*Kasey, My sweet Kase Mix, I have so many great memories of you. I listened to stories of the menagerie at the Mixon household, and even let you nearly throw me out of the golf cart with your wild driving!*

*Savannah, I am glad we became friends. You are a very interesting young lady. You also have the distinction of being the only person I have EVER let drive my car.*

*Matt, you are one of the sweetest guys I know. You always have a smile on your face and are usually up to some kind of mischief. I will miss you greatly next year.*

*Jack, you are the other sweetest guy I know. We have spent so much time together that I truly consider you my little brother. I adore you, and will probably miss you the most next year. Thanks for putting up with me and including me in some of your antics.*

**REMEMBER, I LOVE YOU MADLY, DEARLY AND FOREVER!**

*Ms. Robin*
