EXCALIBUR

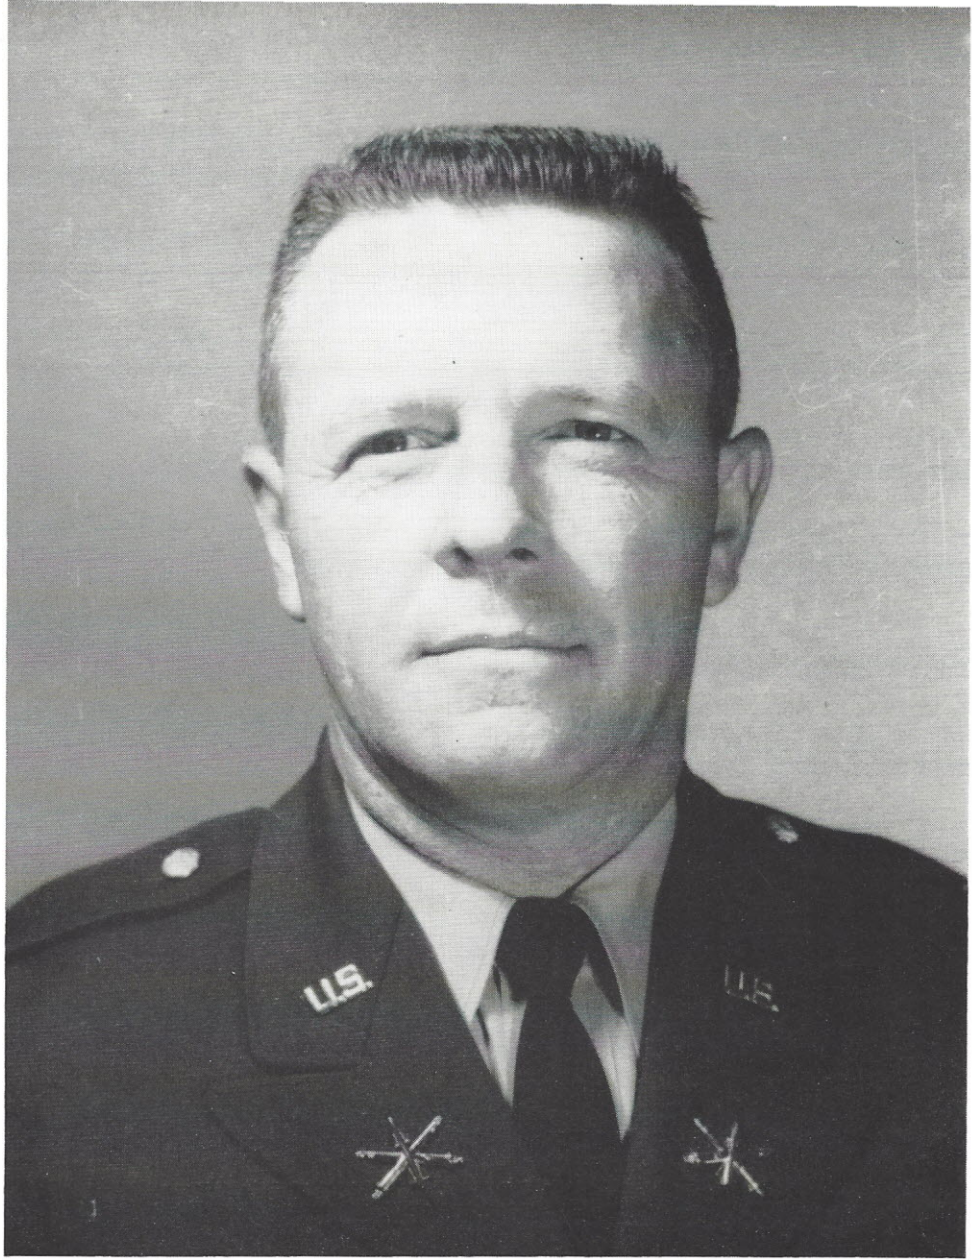

CAMDEN MILITARY ACADEMY
CAMDEN, SOUTH CAROLINA

PRESENTS

*The Excalibur
of 1961*

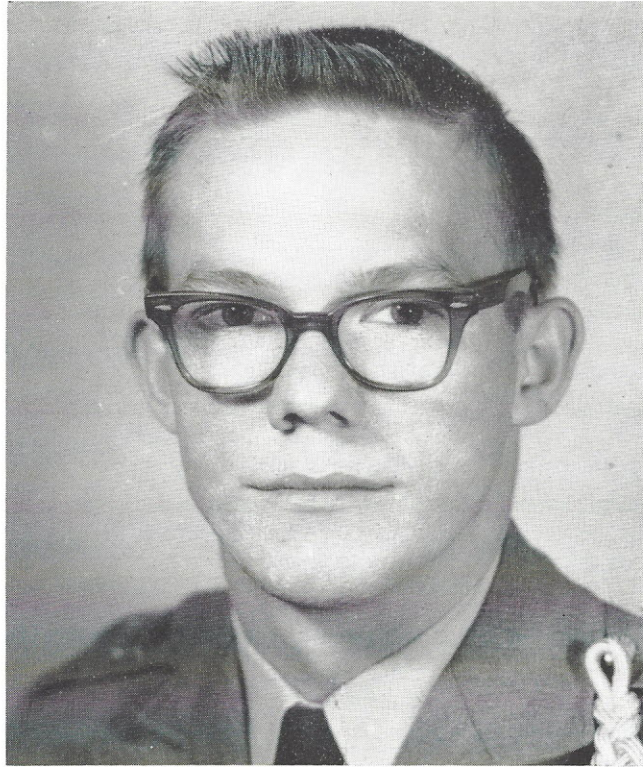

DEDICATION

To Capt. William P. Beckham for his unfailing interest in, and untiring efforts on the part of, the activities of Camden Military Academy, we, the Senior Class, do proudly and appreciatively dedicate this, the Excalibur of 1961. In this way, we would like to represent the school as a whole in its gratitude for all his services throughout the three years he has been on the Faculty.

We feel privileged and honored to have been associated with a man so understanding and devoted to helping youth find a place in life.

In Memoriam

JAMES LEE BRIDWELL

Academy Cadets were grieved upon hearing of the fate of a very close friend. Jimmy had received the citizenship award at his graduation in June of 1960. We will remember this, his last moment with the entire Cadet Corps, as fitting. He was distinguished from the graduating class to be given this token of his friendly spirit, his cooperative attitude and his willingness to work for others.

Every boy affected by his life here at Camden grew through his daily contact with Bridwell. We know that he lived for a purpose and that purpose was found here at the Academy.

PRESIDENT

COLONEL JAMES FRANKLIN RISHER

Col. James F. Risher was born in Hampton County, South Carolina, on November 26, 1889. After attending the South Carolina public schools, he completed his formal education at The Citadel in 1911. Eleven years of public school teaching ended in 1922 when he became an instructor at Carlisle. Becoming Headmaster in 1928, Colonel Risher was able to build a school which was destined to become a leader in southern preparatory schools. The year 1958 saw Camden Military Academy become an even further accomplishment in his contribution to the education field. His vast experience now enables him to guide the lives of the combined corps of the brother schools.

Colonel Risher is known throughout the United States for his speaking ability and has traveled this year as far as Colorado.

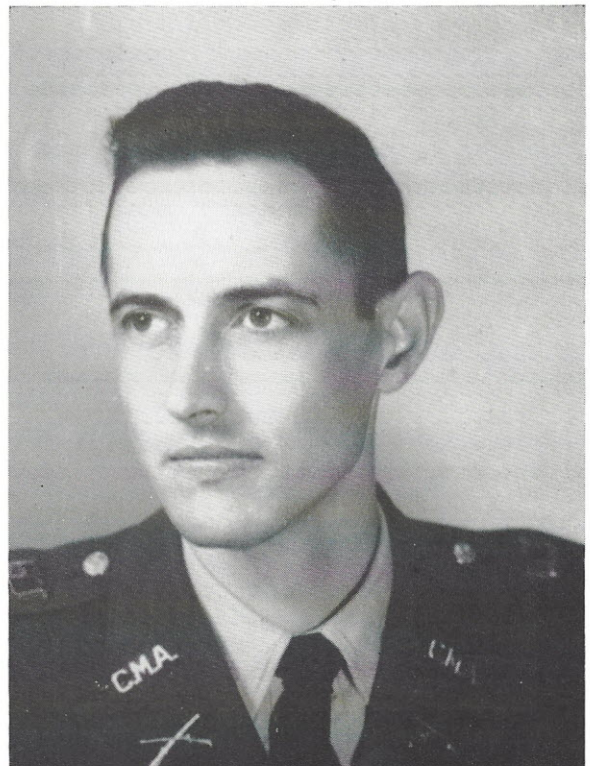

He has always been able to forego a busy schedule in order to encourage and challenge the young men in his life with his eloquent and timely parables.

HEADMASTER

COLONEL LANNING P. RISHER

Col. Lanning Risher was born on September 19, 1931, the son of our President, Col. James F. Risher. His birthplace was in Bamberg, S. C. He attended the public schools of Bamberg, Carlisle Military School, and The Citadel, where he graduated in 1952. He is now doing graduate work in history at the University of South Carolina. In 1953, he entered the army as a 2nd Lieutenant. In 1955, he came out of the Army with the rank of 1st Lieutenant of Infantry. Upon completion of his active duty, Col. Risher started teaching at Carlisle. He remained there for three years. He then came to Camden to take the job of Headmaster.

For the past three years Col. Risher has put forth much effort to make Camden Military Academy a top grade school for everyone to be proud of. It is the opinion of the cadet corps that he has done this and much more. We of the EXCALIBUR staff salute you, Col. Risher, for a job well done.

HONOR COUNCIL

LEFT TO RIGHT: Obenschain, Traylor, Dukes, D. D., Faculty Advisor: Capt. Beckham, Lewter, Van Hook, Forres

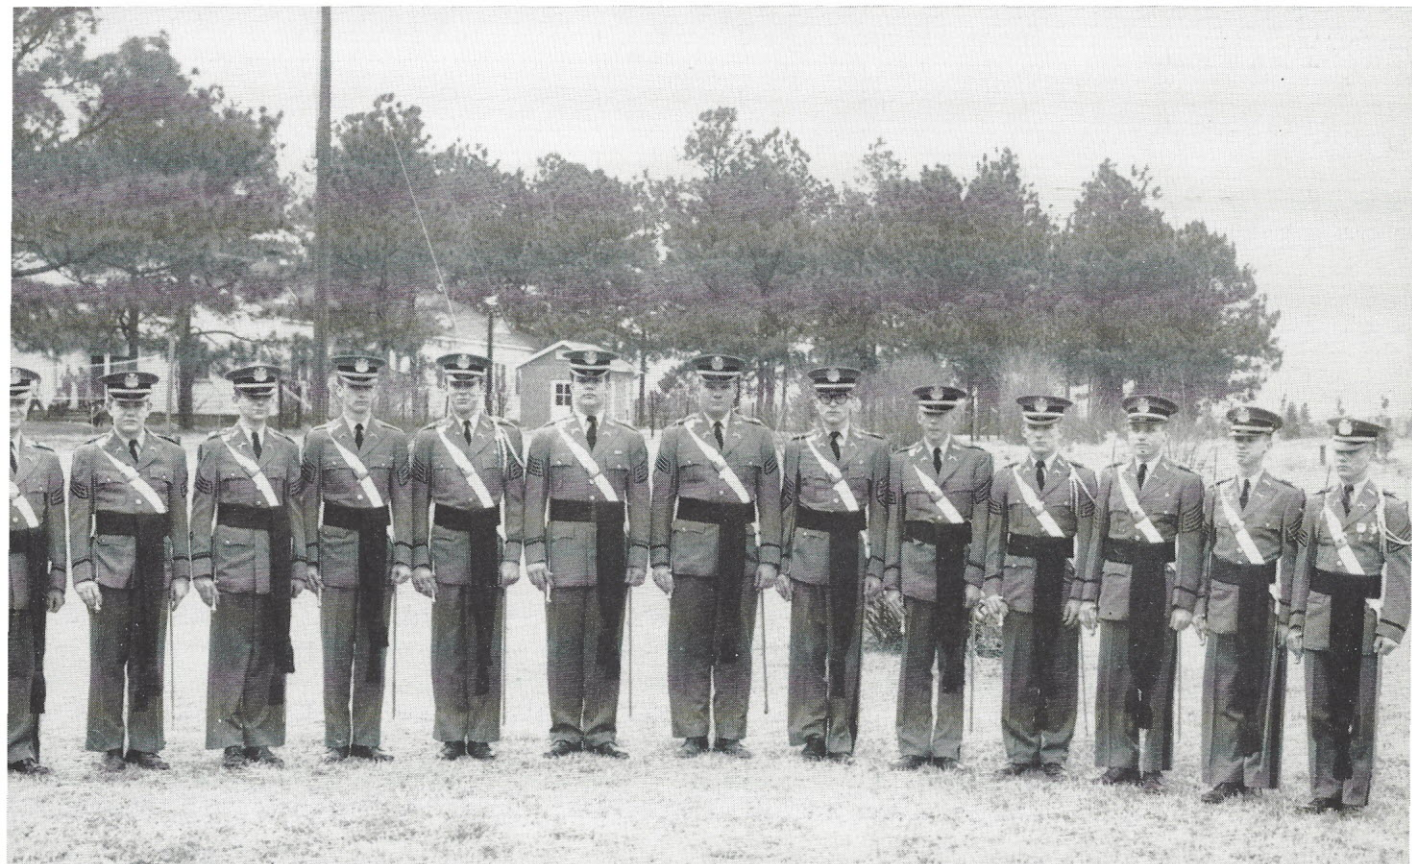

Elite among the cadet groups is the Honor Council. This board, composed of all Cadet Captains and the Cadet Major, and guided by our Professor of Military Science and Tactics, is the judicial branch of our Corps of Cadets.

This judicial committee reviews any serious violation of the cadet regulations. All evidence and witnesses pertaining to the case are brought before the council. A verdict is then submitted to the Headmaster for approval.

Since this council possesses unlimited authority in the expediency of these matters, it is essential that its members have the qualities of efficiency and fairness.

SASH AND SWORD

LEFT TO RIGHT: Bellune, Eller, Byrum, Forrest, Van Hook, Obenschain, Jordan, Lewter, Wienges, Gardner, Dukes, D. D., Traylor, Dotterer. ABSENT: Langley, Whitlaw.

If a cadet can attain the higher ranks in our school, those of the Commissioned Officers, he becomes a member of the Sash and Sword.

As Officer-of-the-Day, these cadets have a guard detail that is in charge of the school during a twenty-four hour period. As irregularities occur on the campus this cadet makes any decision that must be made to rectify the situation. This experience is most essential in their training to be responsible citizens.

On the judgment and ability of these men depends the success or failure of the military year. The efficiency of the school system is dependent upon these officers who have been selected on their ability to accept responsibility and to see that their men are well-trained. They have all been non-commissioned officers and know the problems that their men will face. These cadets instill in their boys a competitive company spirit.

The members of this organization are leaders.

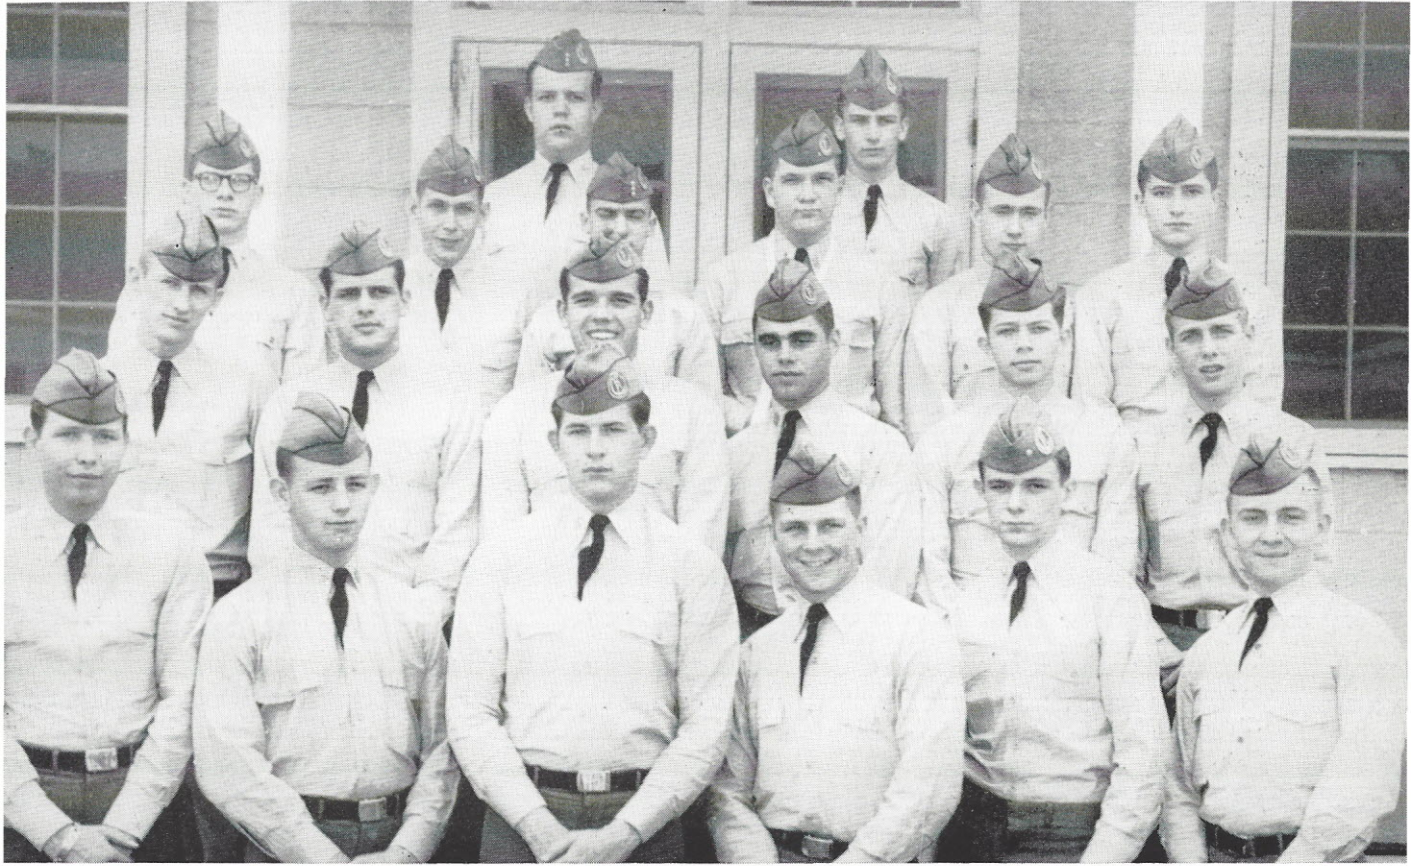

NON-COMMISSIONED OFFICERS

KNEELING, LEFT TO RIGHT: Mills, Martin, Boland, Ryan, Hisle, Land, R. F., Osteen, Weston, Davis, J. O., Bailey, Littleford, Graham, Manheim, Rountree, Bower, Thomason, Buxton, Kauffman, Smith, W. P., Montjoy, Fishburne, Dahmer, Lothridge. STANDING: Blackwell, Kelly, C. W., Nuno, Smith, R. C., Holland, Gatch, Eanes, Trawick, McTeer, T. H., Fox, Ivester, Ward, deMontmollin, Hoover, Treadway, Lane, Griffiths, Norton, S. C., Hill, Workman, Phail, Rogers, McWhirter, Maloney, Brown, K. O., Jarman, Johnson, Minor, J. G., Harrison, Lovejoy, Napolitano, Beebe, McDonald, Minor, J. W., Moran, Grimes, Lloyd, Blake, Flynn, Robello, Hughes. ABSENT: Dukes, D. E.

To many the Military is divided into two categories: those who give the orders, and those who are given the orders. But this does not include the third and largest class. These cadets are the ones who see that the orders are carried out. The Non-Commissioned Officers are important, in that they are the backbone of our system. Their duty, Sergeant-of-the-Guard, is often hard and thankless, but the training is beyond evaluation. Understanding of the rules and their interpretation depends upon these boys. Having rank means accepting responsibility; by taking this authority and fairly exercising his judgment, a cadet grows to be a young adult.

THE TRAINING CADRE

FIRST ROW: Brown, K. O., Treadway, Davis, J. O., Ryan, Byrum, Blackwell. SECOND ROW: Hoover, Langley, P. G., Weston, deMontmollin, McTeer, T. H., Osteen. THIRD ROW: Lovejoy, Wienges, Traylor, Gatch, Holland, Lewter. FOURTH ROW: Obenschain, Forrest.

At the beginning of each school year, all new boys are placed in the Recruit Company. These new cadets are prepared for the day in October when they will be assigned to the Battalion companies. The responsibility of preparing these boys for this day falls on the Training Cadre. This group of boys is picked at the end of each year by Captain Beckham to assist him in September. They were selected for their leadership, their willingness to work, and their proficiency in military drilling.

The Training Cadre did an excellent job in orienting the new boys to their new school. A very hard job was well done by this very select few.

EXCALIBUR STAFF

As editor of the 1961 EXCALIBUR, I would like to take this opportunity to give my thanks to everyone who has helped make the publication of this book possible. With the help of the staff this book has become a reality out of a vision.

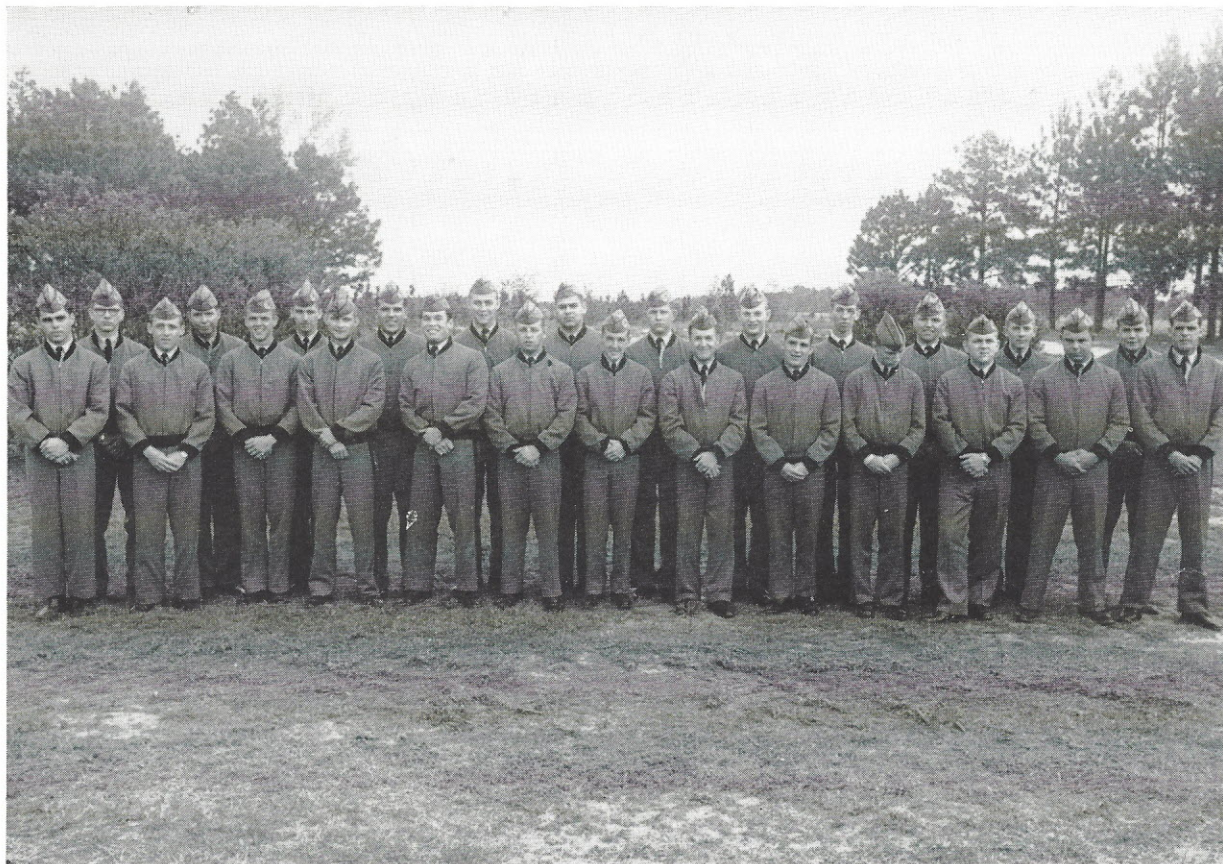

It has been our wish to produce a yearbook that will serve in a way to bring back pleasant memories of the year at C. M. A.; the laughter, fun and companionship which the students have shared; the hours spent enriching our minds in the classrooms and de-

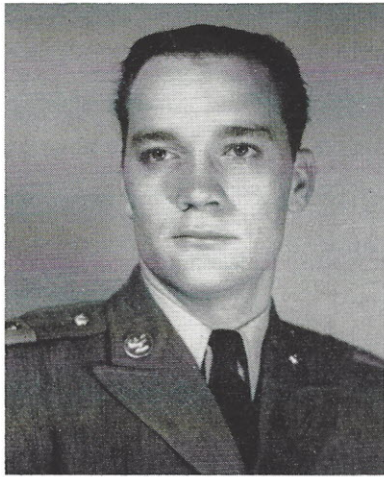

veloping our personalities through extracurricular activities. This book attempts to record a few of the events in a most important phase of our lives.

My thanks and appreciation to the members of the Annual Staff and to the faculty officers for their efforts in helping to get this material ready for the press. My sincere thanks go to Lieutenant Wearmouth for his guidance during the year.

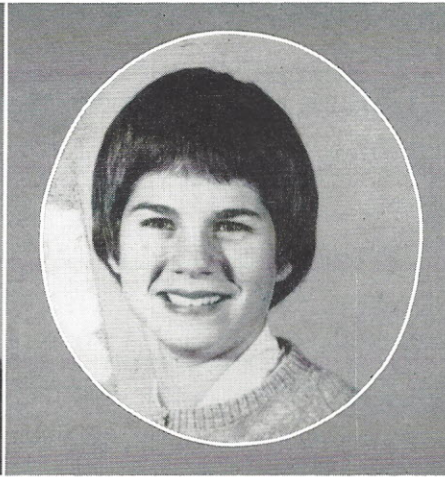

Thanks Again,
Patrick Langley, Editor.

DANCE COMMITTEE

The highlight of the Academy's social activities are the dances, which provide entertainment for the cadets throughout the year. They are a form of recreation that is channeled to develop spirit and social culture. It is the aim of the Dance Committee to intro-

duce and improve the variety of the school dances so as to advance attendance and expand the rhythmic skill of the cadet corps. In the course of this year, this committee has maintained a quality of dances that are worthy of our highest commendation.

LIBRARY STAFF

Keeping a neat and efficient library is the job of this staff. They help Lieutenant Priester acquaint the students with the resources and uses of the library. Always available to offer assistance in research work and to recommend leisure reading materials,

these boys have served their fellow students throughout the year. It is the goal of all Library Staff members that the cadets are familiar with the reference journals, the enjoyable fictional novels, and the current national magazines in our growing library.

Delta Kappa Sigma

The Academy's honor society was organized this year for the purpose of stimulating interest and discussion outside of the classroom on topics both academic and non-academic. The meetings, held twice a month in the homes of faculty members, are informal and friendly. The group reads one book a month, and every other meeting is devoted to a discussion of the book for that month. Other topics for

discussion are drawn from areas of school life, American politics, world problems, religion, and morals. Members are nominated and elected by the faculty on basis of their grades and ability to discuss different subjects. This years members chose from the faculty, Lieutenant Zemp, Captain Dukes, and Lieutenant Priester to be their advisors.

Varsity award letters are earned by participation in football, basketball, baseball, and track. The managers and cheerleaders also earn letters for their efforts.

Those who have received a monogram letter are invited to be members of the Block "C" Club.

One of the highlights of the school year is the club initiation. This week of "air raids" and services is completed by the initiants talent show, which is

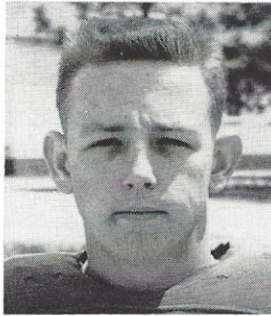

not only entertaining, but also enlightening.

A club party in May always ends the year on a happy note.

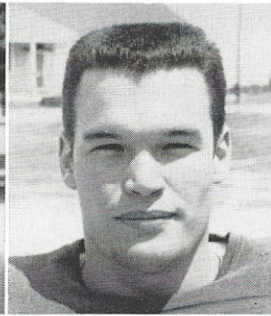

Since membership in this organization is earned by working side by side in a team effort, many close and lasting friendships are formed and make this a very strong campus organization. It is an honor to be a member of the club and to be a friend of its members.

Opening the second season of football, the cadets got off to a good start. The Spartans won their first two games by impressive scores. The team showed a strong will and lots of determination throughout the season. The team should be well supplied with talent as juniors Fulgieri, Turner, and Miller are returning for another season. As a highlight to the football season, Tommy Wright was chosen the Best Back, Jerry

Davis the Best Lineman, Tip Gibson the Most Improved, and Darby Dukes the Most Valuable Player.

The team was guided by Head Coach Bullard, Line Coach Patry, and Backfield Coach Dukes.

We of the EXCALIBUR would like to take this opportunity to wish the football team the best of luck in the years to come.

KNEELING: Adams, R. M., Moran, Row. STANDING: Adams, C. O., Nuno, Gillespie.

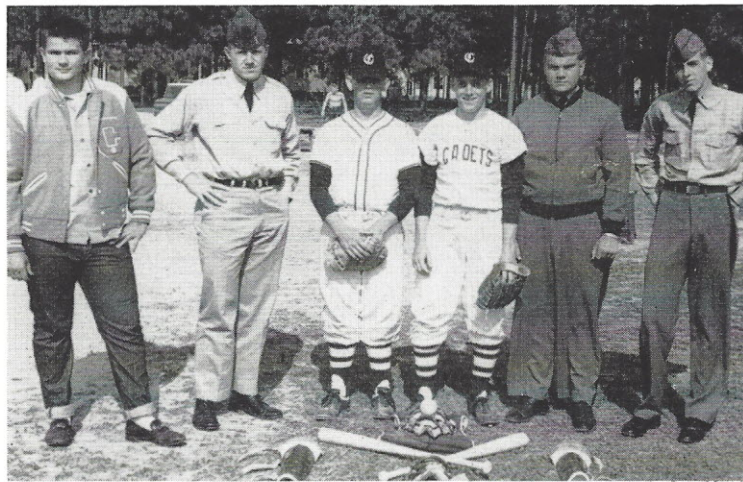

The 1960-61 Basketball Team started as what most people considered the best yet at C. M. A. The boys played hard and tried to earn the confidence the cadet corps had entrusted them with. The team, composed of seven lettermen, had a tremendous start, losing only one game in the first half season of play. Mishaps, which have seemed to plague all of C. M. A.'s athletic teams, struck again. This year misfortune came by the way of ineligibility, as three of the starting five players were lost because of it. At this point Coach Dukes reorganized the team. This process was slow and tiring, but the fine coaching of Coach Dukes and Coach Gallagher showed. This group of boys, led by Darby Dukes and Sonny Manheim, the remaining starters, began to show promise as a fine squad when the season ended.

STANDING, LEFT TO RIGHT: Bellune, Vaughan, Lanford, McTeer, C. H., Ivester, Arnold, E. S., Ross. SITTING: Arnold, G. D., Brown, K. D., Lovejoy, Brown, J. C. Thomason, Rountree, Dukes, D. D., Treadway, Birt, Vergnolle, Rizk, Martinez, R., Row.

BASEBALL

The Spartans got off to a slow start losing the first two games, but Captains Treadway and Dukes with their batting and outstanding fielding have led the fine team. This year's team was mostly without experience, but Coach Bullard has done a good job with the players through his encouragement and long hours of practice. As we go to the press, the baseball season is not completed but we know they will continue to do an outstanding job for the school.

TRACK

TOP: Weight Men. CENTER: Preparing for a meet. BOTTOM: Mile Relay Team.

The track team got off to a flying start in their second season of competition. The cindermen competed in the Furman News-Piedmont Relays this year against 120 other Southeastern high schools. They defeated Blythe-wood, Bamberg, Dentsville, and Mayewood. The Spartans also placed fourth out of a field of ten at the Florence Invitational Relays. We would like to congratulate Johnny Wilson for placing second in the hundred yard dash and Tommy Wright for having placed third in the shot put.

We, of the Annual Staff, would like to extend our congratulations to Coach Wearmouth and the track team for such an outstanding season.

THERE WILL ALWAYS BE SOMEONE TAKING YOUR MEASURE

Some measures are taken with a tape but the more important measures are taken by the people who size you up, whether it be a Sweetheart, a Classmate, a Son or a Daughter, or a prospective employer. There is always some keen eye, whether we know it or not, scrutinizing the dimensions not only of our Physiques but of our Minds, Abilities, and Characters.

Your training at Camden has been designed to improve the dimensions of both your mind and character so that when you graduate it can be said that here stands a Cadet foursquare to the world and eager to shoulder the responsibilities which his particular talents and abilities qualify him to assume.

We measure Cadets for uniforms. Our customers measure us in their appraisal of our ability to execute a uniform contract satisfactorily. It will be a never-ending effort on our part to keep our measurements good in the eyes of Camden Military Academy.

We salute the graduating class and wish you all Godspeed in your field of endeavor.

MARGINS

FOR

TOMORROW

Adam, when he left the Garden of Eden, had no prospect of social gain, no capital, and no tools, knowing but one creed: "In the sweat of thy face shalt thou eat bread."

Between his needs and his capacities was the narrow margin of desperation.

Through the centuries since, Adam's descendant has learned that sweat of brow, necessary ingredient though it may be, will alone produce poor loaves, and few. He has learned the way to multiply his own puny efforts with the powerful engines of his own ingenuity. He has learned to reinstitute some portion of his being as capital, to employ capital effectively to provide new and better tools, and with them he has fashioned a margin of social gain beyond the dreams of man since the beginning.

Today, we identify this relationship of man to his labor, his capital, his techniques, his tools, and his dreams, as technology. And wherever technology has flourished, social gains have followed as a matter of cause and effect.

Technology is the great multiplication table. It is the margin between pint and bushel, between ounce and pound, between dozen and gross. In America, it is the

margin between homespun and nylon, between the pot on the hearth and the eye-level oven, between root cellar and deep freeze, between plow and tractor, between wagon train and jet liner and, because the means must precede the fulfilment, the margin between Lincoln's lonely study by the light of the dying fire and the scholarly haven of the Harvard Yard.

In these achievements, men have found the way to the standards of life, of dignity, and of aspiration toward which they have struggled for centuries, with the goals always just eluding their outstretched hands. Technology, providing that strength, has produced the thrust of energy that today we see measured in the margin of comfort over deprivation, the margin of luxury over necessity, the margin of knowledge over ignorance, the margin of security over fear and perhaps, in perilous times, the margin of survival over disaster.

In technology's wake have come the order of law, the amenities of culture, the tender hand of charity. For only as the head once bowed with toil can be raised up can man lift his eyes toward those broad and hopeful margins of tomorrow.
