The Spartan Cindermen had the most successful year in the school's history, breaking fifteen records. In competition with schools throughout the State and Southeast, they made a fine showing. For three years they have been undefeated in dual meets. The team placed fifth out of thirty-five schools at the Furman Relays.

The Coaches Award went to Junior Turner and the Most Points Award to Tommy Griffiths.

Many boys who worked hard all season on the Junior Varsity Squad will most certainly strengthen the team in coming years.
