

Although the record was 1-14, there were a few positives to the season. First, we have a lot of players returning for the next season. That could make us a better team in the future. Next year the team will concentrate on doing things the right way and learn how to play hard as we did in the past. We have five players returning for the next season, as well as a group of players from our J.V. program. Hopefully, the future is bright for the varsity basketball team.
