There are lots of things I like about Camden Military Academy. There are a lot of sports you can play. We have football, lacrosse, cross country, basketball, soccer, wrestling, baseball and more. We also have a lot of clubs. We have Boy Scouts, a Robotics Team, C.A.P. (Civil Air Patrol), the Blackjacks Rifle team and lots more. We have six classes each school day. My classes are Math with Mrs. Boland, Reading with Mrs. Thaxton, Geography with LTC Rice, Science with CPT Reeder, and English 7 with LTC Ferjani. Major Beckham is my Junior High basketball coach. We also have the Carlisle House where we can buy snacks, hang out with friends, watch TV, play foosball, table tennis, and pool. We also have a swimming pool open in the Spring and Summer. There is also a PAD for when you mess up.

I like Camden Military Academy because it has changed me a lot. The classes are more interesting than a public school. At CMA there are Boy Scouts, Civil Air Patrol, and the Blackjack Drill Team. They have lots of fun sports. On the weekends you get a ton of free time. The TACs will help you if you need it. You go to church every Sunday. The lunch ladies make excellent food. At the Carlisle House there is a swimming pool outside. There are consequences for your actions, so sometimes you may have to walk the PAD. You make a lot of friends at CMA, and you can change yourself.
