## FOREWORD

*After the toil the rest is sweet,  
Pleasures are best after pain;  
Lilacs and roses most fragrantly scent  
Old flower gardens after a rain.  
Things that were dearest of all yesterday  
Are now only bubbles for blowing away.*

*Into this book our joys are spun,  
Sorrows are slightly shown;  
Only the best we would have recalled  
After the years have flown.  
Things that we prize the most in school  
We put in our book as a general rule.*

*Carlisle is shown as it really is,  
Whether for good or best.  
Pardon defects if you find any, reader,  
We ask as a simple request.  
The crystallized spirit of school is here—  
We give it to you, and no censure fear.*

—“THE BOHEMIAN, 1918.”

THE PALMETTO

DEDICATED

TO

MRS. JOSEPHINE BEACH

for her untiring efforts in all things pertaining to the good of our class, and for her interest in the entire student body of Carlisle, we, the Class of 1921, affectionately dedicated this, the first volume of "The Palmetto", as a slight token of our respect, admiration and love for her.

## THE PALMETTO

EVERETT PERCE ARANT  
Bowman, S. C.

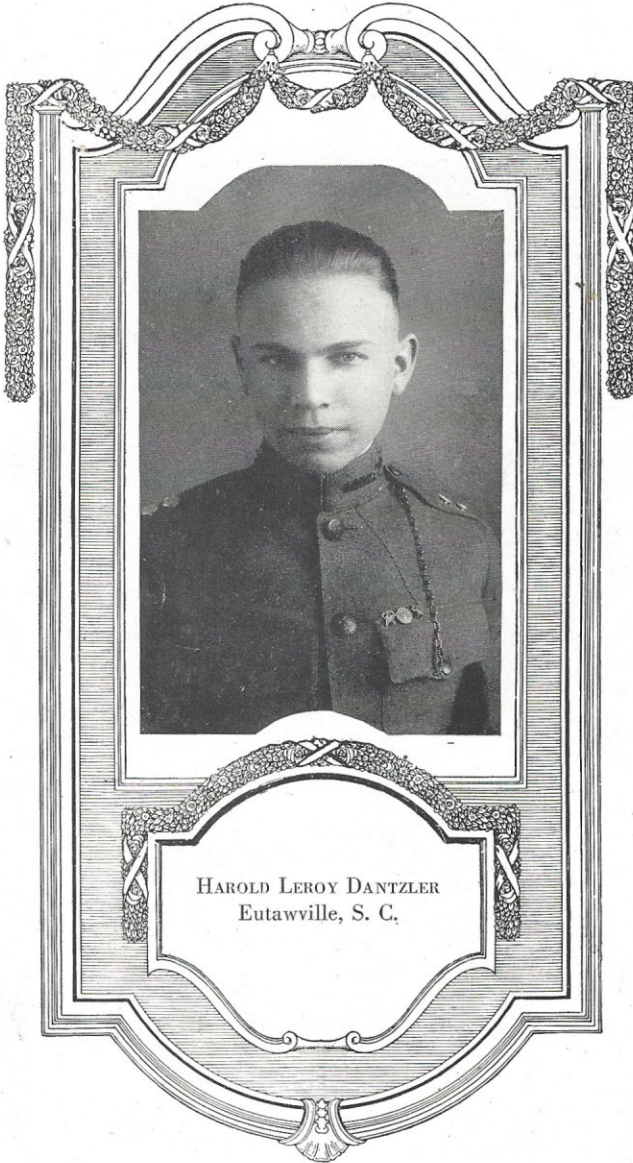

*"Deeds—not words."*

Secretary Sheridan Literary Society; Manager Senior-Sub-Freshman Football Team, 1920; Senior Class Historian; Club Editor "The Palmetto"; Member Orangeburg County Club.

"Buster's" Home, Sweet Home is in Bowman, S. C., and he came here to finish his troubles. "Buster" was a very small boy when he came to us but he has developed considerably in the two years he has been on the Campus—due, no doubt, to his wonderful ability to pick a pantry lock. The greatest of this little fellow's ambitions is to own a toy train and a doll that will say "Mamma".

In all earnestness, we are proud to have "Buster" for a member of the Class of 1921. He is a credit to us and to Carlisle and our best wishes shall follow him in whatever line of work he undertakes. We feel that he is a man in intellect if not quite a giant in stature.

## THE PALMETTO

HAROLD LEROY DANTZLER  
Eutawville, S. C.

*"To be honest as this world goes, is to be one man picked out of ten thousand."*

Rat 1919-'20; Critic Second Term 1919-'20; Vice-President Third Term 1919-'20, and First Term 1920-'21 Beach Literary Society; Business Manager of "The Carlisle Bugle"; Editor-in-Chief "The Palmetto" 1921; Class Football 1920; President Senior Class; Delegate Y. M. C. A. Conference, Sumter, S. C., 1920; Corporal 1919-'20; Sergeant, 2nd Lieut., and 1st Lieut. Company "A", 1920-'21; Vice-President of Orangeburg County Club; Member "Bulldogs".

Leroy, better known as "Slitter", entered Carlisle in the fall of 1919 as a member of the Junior Class. Since that time this shy little countryman has developed into a remarkable figure on the campus, making himself "solid" with both faculty and student body.

"Slitter's" highest ambition is to break the Post Exchange and in his official capacity as "P. X." officer he is in a fair way to do this. Our spies tell us also that he is trying to break the "Woman's Exchange".

Leroy has made an enviable record on the campus, and owing to his business ability, he cannot help but make a success in the unknown future.

## THE PALMETTO

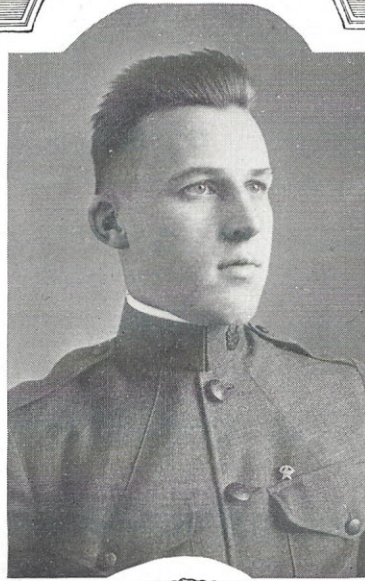

DOUGLAS BAYS INGRAHAM  
Cope, S. C.

*"To know him is to like him."*

Entered September 1919; Censor and Vice-President Beach Literary Society; Vice-President Y. M. C. A.; Sergeant-Major, Sergeant, and Second Lieutenant R. O. T. C.; Assistant Executive Officer Rifle Team; Military Editor "The Palmetto"; Class Football; Vice-President Preacher's Sons Club; Secretary and Treasurer Senior Class.

Oh, Fate! how kind you were when, in September of 1919, when you turned aside from the many pleasant vistas of life, and led handsome, innocent "Dugout" into our midst. With his winning smile and lovable disposition, this son of the Methodist Ministry has won a permanent place in the hearts of faculty and students alike. We bespeak for him a happy and brilliant future, no matter where he may roam over the face of creation.

## THE PALMETTO

OSCAR WILLIAM LEVER  
Blythewood, S. C.

*"Charm strikes the sight;  
But merit wins the soul."*

Entered September, 1920; Assistant Editor-in-Chief "The Carlisle Bugle"; Member the Carlisle Band; First Critic and President Sheridan Literary Society; Delegate to Y. M. C. A. Conference, Sumter, S. C.; Class Football; Business Manager "The Palmetto"; Treasurer Richland County Club; Vice-President Bill Club; Secretary Y. M. C. A.; Member Athletic Council; Class Poet.

Oscar William Lever, better known among certain lady friends as "Pat", hails from a section of the state known as Richland County and this section is claimed to be the garden spot of the world by some uninformed persons. Our friend "Hog" arrived on the campus in September of 1920, but his condition of "rathood" has in no way debarred him from the privileges and dignity of being a Senior. He has entered several of the various campus activities and problem after problem has been hurled aside by his titanic intellect.

There is no doubt as to "Hog's" popularity with his fellow students, and if we are to judge from the daily pile of letters that come to him, he is equally as popular with the sex not commonly met with on the campus. This same popularity will follow Lever throughout his future years and will bring to him success and happiness—this is our prediction, and time will prove that we are prophets true.

## THE PALMETTO

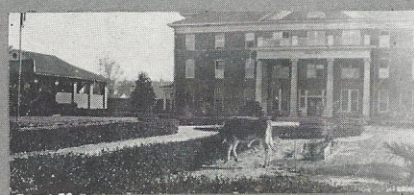

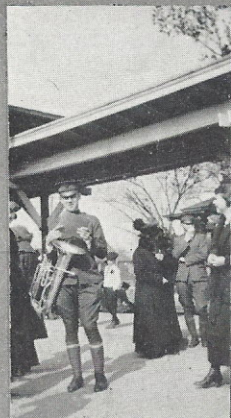

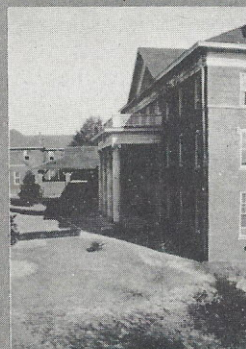

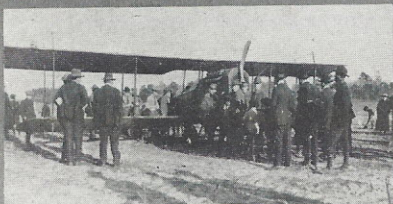

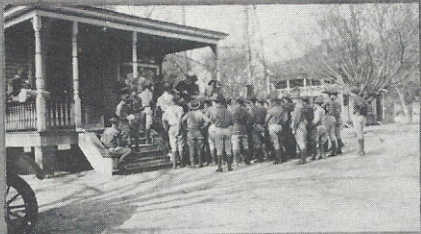

OLIN FELDER WOLFE  
Jamison, S. C.

*"His work on Earth has just begun,  
His monuments will later rise."*

First Censor and Secretary Sheridan Literary Society; Literary Editor "The Palmetto"; Vice-President Senior Class; Corporal 1920-'21.

Felder came to us in 1919 and entered the Junior Class. In this class he had a most terrible struggle with Algebra and Geometry. These were his "pet" subjects, but he was beside a Latin "shark". This son of Jamison is very loquacious around the campus but he is completely out of his element in the presence of the ladies. If close application count for anything, we predict that future years will find Felder occupying the chair of Latin in some large College or University. Beloved by everyone on the campus and many not on the campus, Felder well deserves the esteem of all. Our eyes shall follow him with keen interest as he continues his education in larger classic halls, and it is with every good wish that we bid him God-speed.

## SENIOR CLASS HISTORY

As this edition of The Palmetto is the first publication of its kind to be compiled by a graduating class at Carlisle, we have wished it to be a monument to our work as Seniors, and have striven to make it worthy of our school and of its high ideals.

Since the advent of two of our class, G. L. Muckenfuss and L. M. Peebles, on Carlisle campus in January, 1918, the record of the Class of 1921 has been one of substantial progress and achievements. Though the vicissitudes of life have reduced our number, they have not broken our spirit, and we go forth to challenge the world, to advance to greater accomplishments, and to realize higher ideals.

Besides the two who came in the beginning of 1918, five others have joined the ranks. Our class was organized early this year by the election of the following officers: President, L. M. Peebles; Vice-President, Leroy Dantzler; Secretary and Treasurer, George Muckenfuss.

Peebles, our president, is first to be mentioned. Having entered the Freshman Class in 1918, he has advanced a class each year. Although occasionally he has fits of studying, they seldom last long. He commenced his series of honors in his second year, when he was elected Critic of the Kilgo Literary Society; later he was elected to various other positions in the Society and rounded out his career by becoming its President. Lawrence began his military career as corporal of Company "B", and has since been promoted to more responsible positions. He has been First and Second Lieutenant, Captain, Adjutant, and Executive Officer of the Rifle Club. He is also a member of the "Bull Dog Club," one of the most famous secret organizations ever formed. Being possessed of uncommon ability and unbounded influence, we predict for him a prosperous future.

Leroy Dantzler, better known as "Slitter," is our next subject for consideration. Entering the Junior Class of 1919, he soon showed everybody he was "there with the goods." Leroy studies at times, but he never lets work interfere with his writing letters to various members of the fair sex. His honors began with his election as Critic of the Beach Society, and he has been its Vice-President for two terms. Dantzler has advanced very rapidly in military affairs, having advanced this year from Corporal to First Lieutenant.

George Muckenfuss is next to come under our observation. Having come here four years since and entered the Freshman Class, he has managed, by some trick of magic, to advance each year, and is almost ready to launch out into the storms of life. George was both Secretary and President of the Kilgo Society in 1920-1921. His military promotions were rapid, as he rose from Corporal to First Lieutenant and Adjutant.

Felder Wolfe arrived in 1919, and entered the Junior Class. He is a faithful student and can be relied upon to always do his best. Above all, he has a purpose in life and high ideals. Upon him was placed the duty of criticizing and encouraging the efforts of various members of the Sheridan Literary Society; he was also Secretary of this Society, Literary Editor of The Palmetto, and a frequent contributor of high-class articles to The Bugle.

## THE PALMETTO

Everett Arant, our historian, came here in his Junior year. He is well known as "Baby", being the smallest member of our class physically, but not intellectually, and is one of the best students of the Class of 1921. Arant was elected Secretary of the Sheridan Literary Society for the first term, and was also chosen as Club Editor of The Palmetto.

Douglas Ingraham, one of our military geniuses, hails from the "city" of Cope. "Doug" came to us in the Junior year, and, by a combination of good luck and a little effort, has attained to the dignity of a Senior. Now and then, when he was not busy sleeping, he has had an occasional fit of studying. He and his friend Peebles have been prominent in all affairs of school life, including "rat" conventions. Douglas has been Vice-President of the Beach Society. In military affairs he has been Sergeant and Second Lieutenant.

Oscar William Lever, of Blythewood, is one of our "rats", this being his first year. He is a faithful student and livestock producer, having gotten his nickname "Hog" from his favorite occupation. Although Oscar is very popular among the boys, he is much more popular among the opposite sex, to judge from the many letters he receives from various sections of the state. His honors are many. He is Business Manager of The Palmetto, Assistant Editor-in-Chief of The Bugle, President of the Sheridan Society, and Class Poet. Lever is our only representative in the band,—those noble wind-jammers. He joined the band mainly as an outlet for the hot air in his system.

We, the Class of 1921, are not finishing, but are just beginning our voyages on the seas of life. We are launching out on the deep, without a knowledge of the trials and changing fortunes that lie ahead of us, but with a determination to win for ourselves those successes which result from efforts honestly and faithfully performed.

EVERETT P. ARANT,  
OLIN F. WOLFE,  
Historians.

# THE PALMETTO.

## SENIOR CLASS POEM

BY OSCAR WILLIAM LEVER.

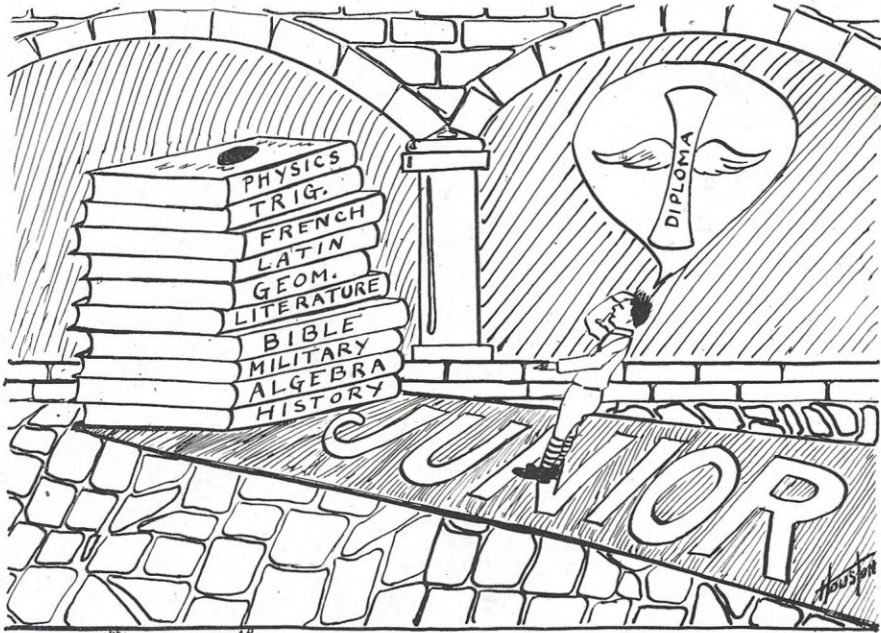

*How sad mid the joys that gladden these days,  
Comes the thought that now we must part.  
Though through years we must journey on life's many ways,  
We're forever united in heart.*

*To your halls we were sent in the pride of our youth,  
From the home of our childhood years;  
Our fathers had warned, our mothers had prayed;  
Kind friends had blessed through their tears.*

*Then you were our guardian, life's pattern to give;  
We were shaped into manhood by you.  
You taught us with patience and courage to live,  
To ourselves, to our Maker, be true.*

*Then, farewell to Carlisle, with her many dear friends,  
Who have brightened our pathway with love;  
Tho sadly we part, our prayers will ascend,  
That our school be united above.*

## JUNIOR CLASS HISTORY

Into every man's life comes an opportunity for success. The class of 1922, Carlisle School, stands upon the threshold of its Senior year, having already won many successes. From our past record we hope to be the greatest class ever graduated from Carlisle.

In September, 1917, eighteen of us arrived on the campus to begin our Freshman year. Although small in number, we were a bunch of willing workers, and were soon devoting almost our entire efforts to work. Our number was composed partly of girls, Carlisle then being a co-educational institution. That year we were well represented in athletics. The presence of the girls made the year pass very quickly; almost before we realized it, the session was ended and we were spending our vacation at home, eagerly anticipating our return to the campus for another year. Our proud hopes of being Sophomores, however, were rudely shattered when the news was gently broken to us that the standard had been raised, as a result of which we would remain Freshmen for another year. One can easily imagine our chagrin and disappointment, which gradually wore away as we settled down to our tasks. During that year the class was much larger than in the preceding, and, of course, we were well represented in athletics. The class also did good work in classroom.

The next year, 1919-1920, was one of our most important years. That year also marked the end of co-education at Carlisle, which became entirely a boys' school. Much of our glory came in that year, as we were the leading class in almost all things, being the largest in point of numbers and also furnishing nearly all the athletes, among whom were five Varsity football men and six regulars on the baseball team. These included our star pitcher, Claude McLeod, and the best shortstop who ever wore spikes on Carlisle campus, James Sanders, whose highest ambition was to excel in everything his brother, Dudley, who was a Senior. In addition to all the worthy athletes, our class possessed many other distinctions, among which might be mentioned the fact that we were awarded more department stars and scholarship badges than any other class in school. Of the three girls attending Carlisle our class had one, Miss Mary Frances Walker, a very brilliant and popular young lady of Bamberg.

Although our Sophomore year was one of importance, it fades into insignificance in comparison with 1920-1921, our Junior year. Upon arriving on the campus last September we found that our number had increased to more than sixty, the largest class ever enrolled at Carlisle. With such a large membership, it was necessary for the class to have an organization, officers being elected as follows: President, E. O. Shealy; Vice-President, Franklin W. Campbell; Secretary and Treasurer, Earl B.

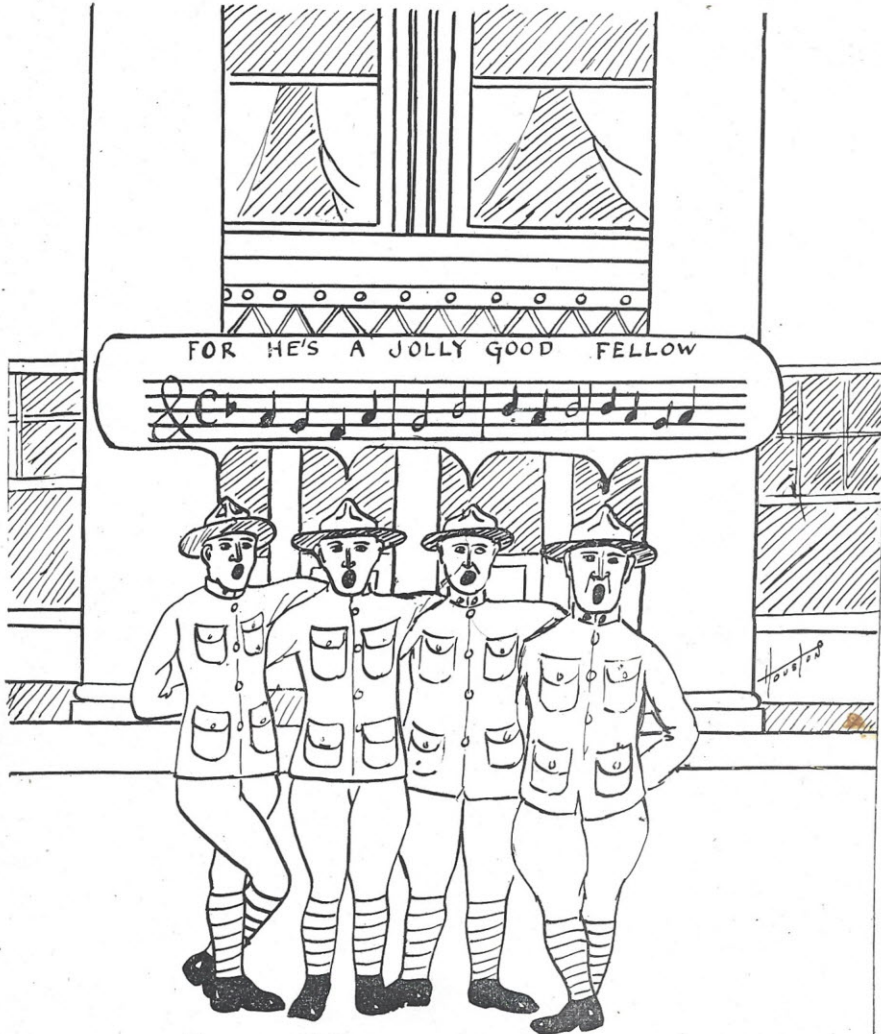

## THE PALMETTO

Guess. All three of our class officers are popular on the campus and hold numerous other offices of importance. All presidents of the Beach Literary Society for this year have come from our class, as well as many other officers in all the societies. We have among our number the student who has been here longer than any other, Nathan J. Johnson. The President of the Y. M. C. A., Thaddeus A. Inabinet, comes from our class. The three company commanders and almost all the other officers are members of the Junior Class. The block letter football men from our class are Wylie Poag, Bennie Rhodes, Jake Smith, and Ralph A. Durham. James Sanders was awarded a crescent, while Joe Cantey received a monogram. Other good players were Collier, Lawton Dantzler, and Peter Stokes. Collier and Dantzler were also block letter basketball players. In addition to all these, many good players were developed in class football. Our class ranged second in the class football championship. In baseball we will be well represented, having on the team at least two veterans, James Sanders and Claude McLeod. We are almost certain to have other representatives on the team, which has not been chosen as this publication goes to press.

Due largely to the presence of "Little Fatty" Durham, our class tips the scales at 8,000 pounds, a large part of which is gray matter, as is attested by our record. The members of this class are determined to maintain the excellent record which the class has made thus far, and will exert their best efforts to see that it always remains in the forefront in all things worth while.

RALPH A. DURHAM, Historian.

## SOPHOMORE CLASS HISTORY

The writing of a history is always a difficult task, even after years have elapsed and the historian has had sufficient time in which to arrive at a proper perspective of events; it is especially difficult when he is called upon to write about affairs of recent date. The Sophomore Class has entrusted the writing of its history to two members thereof, one from each section, in order that the achievements of the class may be set out in their entirety.

In September, 1919, a large crowd of homesick boys gathered in chapel for the opening exercises which launched their careers as students of Carlisle School. Most of the boys had never been away from home before for any length of time, and it required several weeks' sympathetic attention on the part of the faculty to make our classmen feel thoroughly at home. The majority, however, soon got into the swing of things and caught the spirit of school life. As Freshmen, our class had several members on the football team, while Large and "Hard Luck" Warren were among the brightest stars in baseball.

We began our Sophomore year with an enrollment practically as large as that of the preceding year. The class was divided into two sections and officers for each section were elected as follows: Section A: President, Otto Large; Vice-President, Ulysses Jeffords; Secretary and Treasurer, Faber Folk. Section B: President, Gerard Warren; Vice-President, Proctor Gordon; Secretary and Treasurer, Drayton Sanders.

That our class has taken a prominent part in athletics this year is proven by the fact that eight members of the Varsity football team were Sophomores, viz., Large, "Hard Luck" Warren, George Bamberg, Drayton Sanders, "Little" Poag, Proctor Gordon, Bratton Williams, and A. D. Connor. All these men did their part in bringing the season to a successful finish by winning over Richmond Academy on Thanksgiving Day.

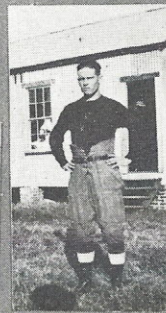

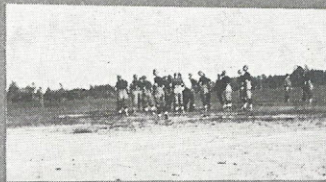

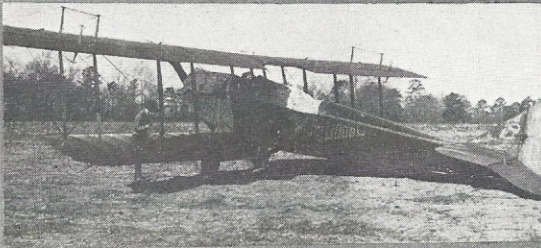

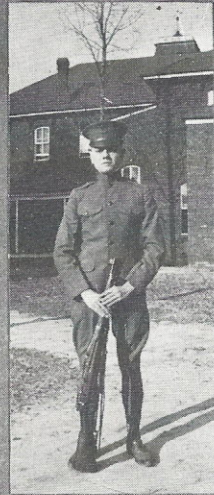

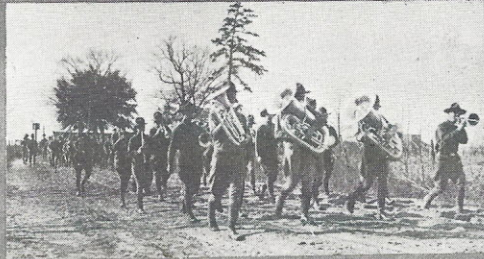

In basket ball "Little" Poag and Silcox, A. H., have represented the class.

More local distinction, however, was won by our class as a result of our overwhelming the Juniors in class football by a score of 39 to 0, thereby clinching the class championship. The Juniors came out on the field filled with confidence as a result of having trounced the Freshmen by a solitary touchdown; but we soon showed them they did not possess the "class", and when we finished with them, their team resembled a part of Texas which had recently been visited by a cyclone. It is too early to predict what members we will have on the Varsity baseball team, but it is certain that we will be well represented.

Since entering Carlisle we have endeavored to do our proper share in all things which make for the betterment of school life, both in class work, athletics, and all other features of life on the campus. So far, our class has made an excellent record; and we trust that we will be able to give even a better account of ourselves in the future.

V. LEWIS,

## FRESHMAN CLASS HISTORY

Recording the history of a class from year to year, as it climbs the stairway towards graduation day, is comparatively an easy matter; but composing the history of a class whose achievements, in large measure, are yet to be written, is a task of no mean proportions.

Our class had its first taste of college life last September with the assembling of a large number of homesick boys who listened to the opening exercises and to many "don'ts" and "you must nots" which seemed to have been spoken especially for the benefit of our green selves. Although those exercises ushered in the careers of the majority of us as Carlisle students, sixteen of our number had advanced from last year's Sub-Freshman class. Two of our members, Nell Bamberg and Mary Cleckley, have always attended this school where they began as toddlers in the first grade, while Fletcher Watson, J. D. O'Hearne, and Coy K. Johnston have been in attendance so long that they have become fixtures.

The size of our class made necessary its division into sections. The officers for the two sections are as follows: Section A: President, Blanton Eubanks; Vice-President, Raymond Ambrose; Secretary and Treasurer, Fletcher Watson. Section B: President, Glenn White; Vice-President, Ralph Fisher; Secretary and Treasurer, Reedy Williams.

In athletics the Freshman Class has been well represented, having had a member of the football team and one of its outstanding stars in the person of Glenn White, whose line plunging against Richmond Academy will never be forgotten. In basketball we had as our representative Ambrose, who was captain of the team. White and John Thompson represent us on the track team, while Ambrose at first base and Thompson behind the bat will uphold our class's reputation on the Varsity baseball team.

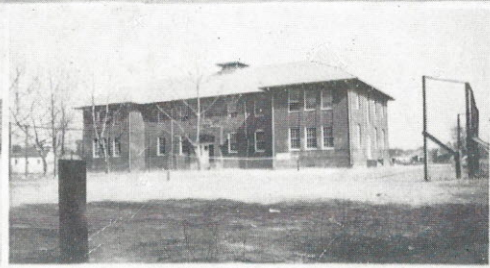

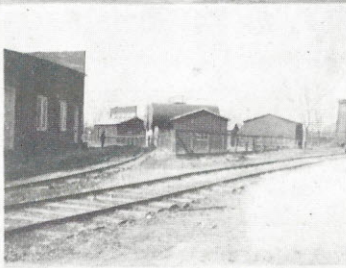

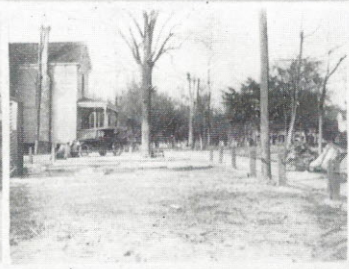

The work of this class in scholarship has compared favorably with that of any other class, although occasionally we are not very strong in giving arithmetical definitions.

Among other distinctions the Freshman Class boasts possession of the only two co-eds in school, both of whom have always been at the top in class work and of whose records we are proud. We have also had conferred upon us the honor of paying homage to the exalted Seniors by being permitted to polish their rifles and to shine their shoes.

We plead guilty to the charge of being fresh,—fresh in our pure ideals, fresh in our strength and determination to set an honorable record which it should be the delight of following classes to emulate. We have tried to do our duty in all things thus far, and expect to continue to exert our efforts for the best interests of this institution.

NELL BAMBERG,  
JOHN THOMPSON,  
Historians.

## YOUNG MEN'S CHRISTIAN ASSOCIATION

Under proper management the Young Men's Christian Association is one of the most beneficial organizations existing. Some who are ignorant of its influence and effect on young manhood may think little of the institution and give less to its cause. Should they, however, inquire of its merits from those who endured the depressions of war, or who have found themselves "down and out" in any walk of life, and have received the soul refreshing encouragement, comfort, and consolation of wide-awake Y. M. C. A. workers, they would immediately become wise as to its beneficial influences. As none save those who have spent parts of their lives in homesickness and depression, more or less often coupled with soulsickness, can realize the despairs of such conditions, so none can appreciate the full worth of such an organization as the Young Men's Christian Association save those who have enjoyed its benefits.

The Y. M. C. A. neither confines its activities to Army Post nor to work in the cities. Local organizations organized at all progressive schools and colleges are of inestimable value to students. The Young Men's Christian Association at Carlisle School can be termed one of the school's chief factors. We know and see the value of the Association within a school; and the students themselves can testify to its benefits. Not only do we hold regular weekly meetings throughout the school year, but we are also members of the state-wide organization. To the State Older Boys' Convention held in Sumter November the third, 1920, we sent a delegation of six, and are planning to send representatives to the State Convention in Columbia on March 17. May the Lord ever bless the Y. M. C. A., and continually strengthen and use it for the spiritual and moral good of young manhood.

T. A. INABINET.

???????

# THE PALMETTO

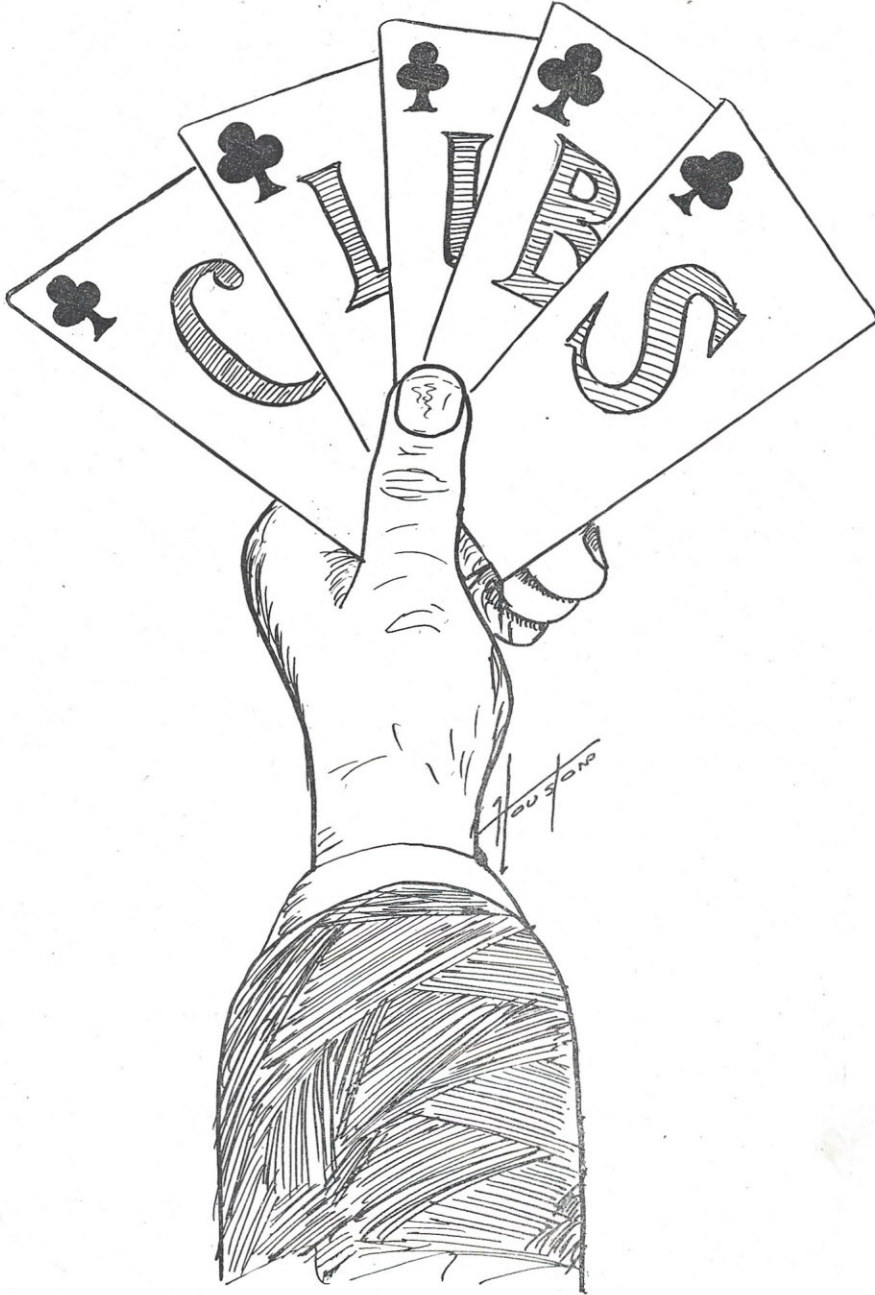

## CALENDER

- Sept. 22.—Charlie Moyer dumps annual supply of rats on the campus.
- Sept. 25.—Coach Gault initiates a gang into the mysteries of football.
- Sept. 30.—Major Lang arrives on the campus with his usual supply of freak military ideas. We wish he had forgotten these during vacation.
- Oct. 3.—Football team wins first victory of season. "Capt. Bill's" home town is the victim. Score 49 to 0. Feature of game: Absence of football knowledge displayed by both teams.
- Oct. 9.—We have been on the campus eighteen days. "Bull" is in order for the 54th time since our arrival.
- Oct. 12.—"Kemistry" Gothe settles down to the regular grind.
- Oct. 15.—Bogen cuts down one of Colonel's valuable weeds. Bogen is reported as resting fairly well.
- Oct. 20.—Capt. Stabler joins Rabon and "Son" Daniels in a lively tussle. The Captain is victorious over his wily opponents after brief but animated battle.
- Oct. 26.—The Colonel and Capt. Bill buy a supply of jewelry which they "may" need in the future.
- Oct. 29.—Bennie Rhodes finds many "crumbling pieces of dandruff" in his otherwise beautiful locks.
- Oct. 31.—Col. Duncan re-organizes the landscape gardening class. Only evil doers are admitted. Postel is appointed chairman.
- Nov. 1.—Discovery is made that Spence is the remnant of Spencer who was such a character on the campus last year.
- Nov. 5.—The football team plays Florence, Florence High School, all the officials and then some more, to a 0-0 tie.
- Nov. 7.—Harry Matthews renders a midnight serenade for the benefit of Guilds Hall. A mouth organ is the wicked instrument used.
- Nov. 10.—Editor Campbell of the Bugle hands in an article for his paper. As we go to press the second article has not been handed in.
- Nov. 13.—A rumor is circulated that the football team played Porter.
- Nov. 16.—Rudolph Bozard composes the famous poem, "Oh, Where Have My Dirty Clothes Gone?"
- Nov. 19.—This is a red letter day in the history of Carlisle, since "Lieut." Atkinson arrives on the campus.
- Nov. 22.—No drill, no football practice, no "nothing"—Glorious life!
- Nov. 25.—Largest crowd of the season sees Carlisle defeat Richmond Academy by the score of 20 to 0.
- Nov. 30.—"Hog" Lever takes a ride in a "free" automobile.
- Dec. 1.—Capt. Lanham duplicates "Hog's" feat.
- Dec. 5.—Christmas Exams. begin. Ye Gods!
- Dec. 9-10.—Juniors stand Algebra and Science. All pass—out the door.
- Dec. 15.—We learn that the tender heart of the Colonel and the fertile brain of Capt. Lanham combine to give us a few more holidays.
- Dec. 17.—We go home for the holidays. No tears are reported.

## THE PALMETTO

- Jan. 3.—We again invade the campus. Peter Stokes is the first to arrive. He became horribly homesick in Orangeburg.
- Jan. 7.—The first of our many extra drill periods “happens”.
- Jan. 13.—Carlisle is again blessed—“Lieut. Atkinson” arriving ten days late from Christmas furlough.
- Jan. 17.—The regular gang cut church under the leadership of the Warren brothers.
- Jan. 20.—Capt. Lever fails to have a date—he is confined to his bed.
- Jan. 23.—The Colonel expresses a desire to take the summer tour with the band, thereby revealing his ambition to enter the lovely bonds of matrimony.
- Jan. 27.—Major Watson falls for *another* pretty lady.
- Jan. 30.—The “ex-tinguished” school pest, Robert Rodgers, withdraws from school.
- Feb. 1.—Warm water is reported in Brabham Hall for the third time this year.
- Feb. 4.—The perpetual motion maniac, Sergt. Spell, almost discovers said motion.
- Feb. 7.—Goethe, Postel, and “Son” Daniels set themselves up to a set of books.
- Feb. 11.—“Geese” Deason falls a victim to spring fever.
- Feb. 12.—Stackhouse decides to enter the aviation service.
- Feb. 15.—Capt. Gault frails a Sub-Freshman. The Captain’s nerves are overwrought by the continual “Pinafore” practice.
- Feb. 17.—Miss Kearsce gets a new supply of pills and turpentine.
- Feb. 20.—Jake Houston, Shealy, and Sis Gallman begin to use lipsticks.
- Feb. 24.—The basketball season closes with a 47 to 12 victory over North Augusta.
- Feb. 28.—Jake Smith shaves his head and regrets the act immediately.
- Feb. 30.—Absolutely no work was done on this date.
- Mch. 1.—Baseball and track work are going along nicely. “Little Boy” Durham is a good prospect for the 100 yard dash, having made the distance in 33 minutes.
- Mch. 9.—Second term exam. schedule is announced. No time for recording other events.
- Mch. 10.—Annual goes to press. Capt. Bill is happier than the entire Staff.

### THE CLEMSON AGRICULTURAL COLLEGE

Is South Carolina's College of Agriculture and Engineering

It offers four-year scientific and technical courses.

It offers short courses in Agriculture and Textiles.

It gives a broad, general education supplemented by specialized training.

It has excellent equipment in the form of buildings, class rooms, laboratories, shops and apparatus.

Clemson offers to South Carolina boys over 200 Scholarships.

The members of the Reserve Officers Training Corps, R. O. T. C., receive financial aid from the National Government.

A technical education is a safe and sound investment. It becomes more valuable with use.

Write for catalogue and other information.
