DEDICATION

It is with sincere pride and gratification that we dedicate this, The 1946 REBEL, to Captain M. C. Way, Jr., of Holly Hill, South Carolina, and to Cadet Corporal Marion Williamson, of Columbia, South Carolina. Captain Way was a member of the Carlisle Faculty for four years. He taught mathematics and the science of pre-flight. Captain Way was instrumental in the installation of the pre-flight course at Carlisle.

Cadet Williamson was a member of the corps of cadets for two years during which time he obtained the rank of cadet corporal. He was a member of the Senior Class, a member of the flight class, and a number of other school activities.

"The Lord is my shepherd; I shall not want." (Psalms)

Prophecy

"Tho' the art of prophecy is not one I profess, I guess my guess is just as good as anybody's guess.

"The time will be in '55 the place will be D. C. so join with me, close your eyes, and see what you can see."

As we leave the court room, having just heard the Honorable Hullett Nihoul, assisted by his "Personal Brain," John Andrews, wiggle "Fingers" Kersey loose from a Grand Larceny charge, we hop into a cab driven by Clinton Cook, and are off to the 7-11 Club. While doing a mere sixty, we are hailed by Motorcycle Patrolman Ricks, he recognizes us and remembering the time we forgot to report him for "Breaking Barracks," he evens up and fails to pull us.

Finally we arrive at the club and are greeted by the owner, Mickey Biron. He shows us to a table and the head waiter, Burt Fogle, advises us that "Hotplate" Simmons is the chef. The 4:30 matinee starts with Hugh "Head for the hills men the roofs cavin' in" Griffith and his "Jazz Fiends," starring Joe "Muscle Mouth" Tucker on the trumpet. Next comes "Foghorn" Gantt, singing Andy Rosholt's new hit ballad, "Say, What Ever Happened to Molly?" While glancing over the dance floor we see "Pegs Mattingly," "Zoot Suit" Hill, and "Tall Dan" Allsbrook, cutting a wet rug. Having finished our dinner we return to our hotel. There we are met by the doorman, Laurie Salley, who ushers us in.

The next morning we are awakened by a loud commotion which turns out to be Gordon Brown driving his new '55 John Deere that he has just bought from the "Gibbs and Chauncey Farm Implements, Inc." After laughing this off we go down to the breakfast room, there we find a copy of "Rabbit" Pinder's "Washington Post." The headlines read: Allen A. Davis' New Stratojet, piloted by Army Test Pilot Robert Solomons, sets new altitude record. Reading on we are amazed to find that Joe Wallace has already been made conductor of the U. S. Marine Band. Another interesting column informs us that Bill Owens has captured the title of "Mr. Sweater Boy of 1955." Glancing at the funnies we read Wyatt Propst's strip of "Halotosis Harry." Turning to the back page we find that the Department of Internal Revenue has jailed "180 Proof" Daniel for distilling "Zip," his partner, "Zippo" Eaddy, was acquitted for the lack of evidence.

Resuming our tour of the city, we leave the hotel to drop by the Senate Chamber to hear Berwick Cates, Robert Schirmer, William Orvin, and Robert Beach representatives of "The Independent Republic of Charleston." They are trying to push across the bill which will establish "grits" as a national dish. A fellow Charlestonian, Paul Bridgen, is still fighting for Prohibition. In the Library of Congress we find Jack

PROPHECY

Harris listing his relatives, who are many and famous, he is assisted by the librarian Dick Williams.

Unable to withstand, we withdraw and run out to see Jerry De Luca's Redskins in action, between the halves we buy a hotdog from H. K. Maffett and go to the dressing rooms to converse with the Redskins' trainer, "Doc" Lain. After the game we stop by a record shop owned by Dave Styles, and he tells that Joe Warren and Sandy Stroud are managing a pavilion at Beverly Beach.

Well, what do you know, an invitation to Charles Carlisle's wedding reception, seems as though quite a few alumni are going to be there. We no sooner go in than we see Don Smith and Fred Sineath, two world famous Boy Scout Directors, why there's Bill Cook, who still hasn't been in the army, speaking of military service, there's Cy Colcord, the world's only "Human Periscope." Cy tells us of Andy Banchanski, who is "King of the Underworld" operating from New York. Why here's Washington's playboy, Charlie Duke, sporting a beautiful blonde on his arm. Billy Mitchell and Leo Mirkis are over in the corner talking over old times, they are both up from Jacksonville on business, Billy is improving the B-25 Rocket Bomber, and "Bill Dick" is after some contracts for his navy shipyard.

After a very lovely time we broke away in order to catch our plane to the west coast. Much to our surprise on arriving at the airport we find that Joe Lynch and Willie Williams are to be our co-pilots for the trip. With much regret we leave the Capitol. Boy, are these new jet transports fast, here we are in the "Cow Country" already. What's this? Plane trouble, a forced landing? I sure hope Joe and Willie know their business, ah, that wasn't bad at all, good work, boys. Why, here come two horsemen, as I live and breathe, Smitty and Don Custard, we are informed by them that they are in the cattle business and from the looks of things a great success. We also learn that Hib Robertson has an experimental station nearby, and is making new discoveries, in accord with the Atomic Theory, everyday, more power to him.

After a little adjustment on the plane we are on our way again. At Phoenix we stopped and Charlie Lott and Furman Tallevast got on the plane and helped make the trip more enjoyable. Charlie is on his way to California to ship out with the merchant marines, while Furman is on a business trip concerning his law firm.

On our arrival at San Francisco we run into Billy Clark, who is attending a dentistry convention.

This completes our tour so realizing we are hungry after our day dream of the years to come, we, Walter Hanzo, Mike Cruik, and Thurlow Gregory, are informed by a passer the location of the nearest breadline.

YOUNG GENTLEMEN:

A real man asks nothing except a fair chance to fight, to serve, to love, and to laugh. He realizes that in his weakness he is the creature of circumstance; in his strength he is the creator of circumstance.

CORPS OF CADETS

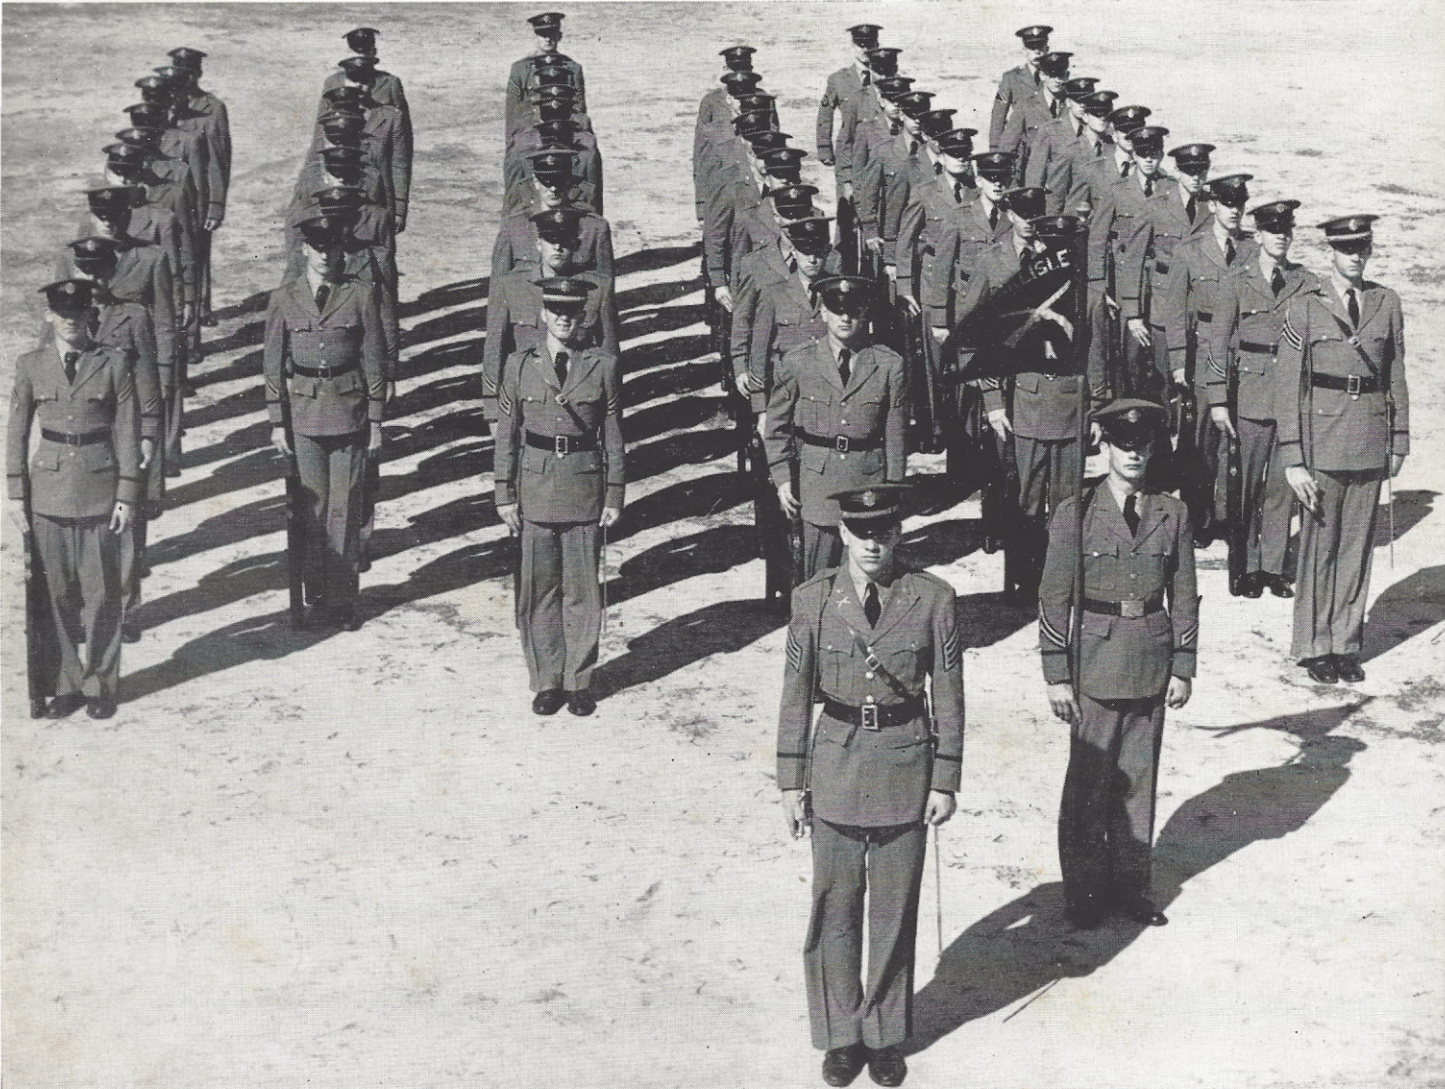

Carlisle is especially proud of the many outstanding achievements and advancements that have been made this year along military lines. As in the past years, Carlisle is still under the honorary age old code of arms.

Each school day in the week if you listen you can hear the rhythmical cadence which keeps the battalion in step.

Every man in Carlisle this year is required to take two periods a week of military science in order to learn the finer points in this type of training. It is true that we may never be forced to put this training into practical use, but each cadet, as he learns the science and tactics of modern warfare, knows that he is becoming better fitted to serve a world at peace.

Every Sunday afternoon the corps of cadets executes a formal dress parade which many of the people in town and out of town enjoy. We feel that the training we receive will help us a great deal in the future.

The "Cross Sabre Club" is the oldest cadet organization at Carlisle. It is composed of those cadets whose seniority in years, scholastic record, character, and leadership enable them to hold the rank of a commissioned officer.

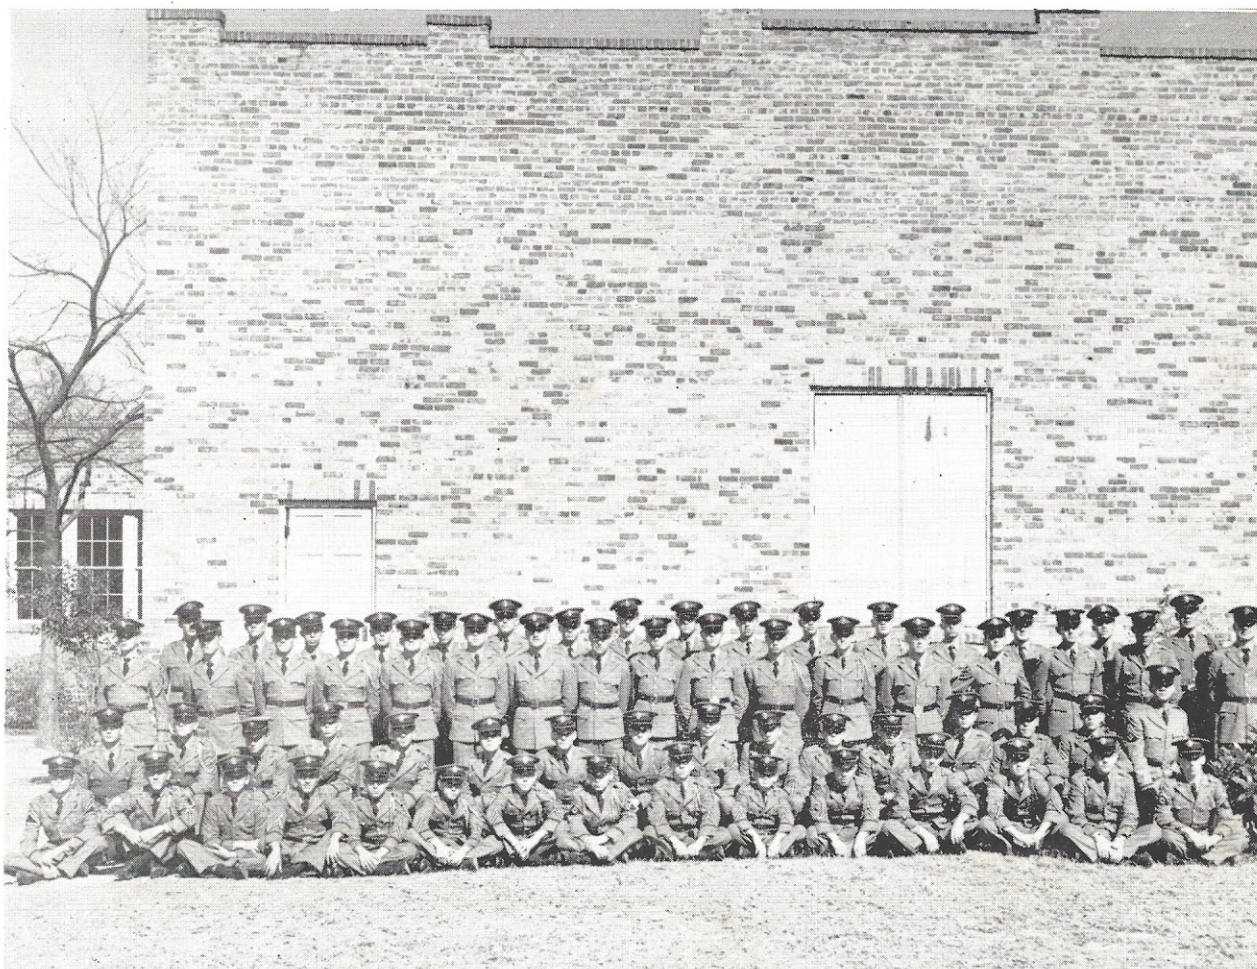

The members of this club hold frequent meetings to discuss problems pertaining to the betterment of the school.

The success of the school depends on these few officers, for through them the conduct and morale of the corps flourish.

The "Non-Commissioned Officer's Club" this year has accomplished a great deal toward the good of the corps of cadets. It has had many meetings to discuss and help settle the many difficulties which have occurred during the year.

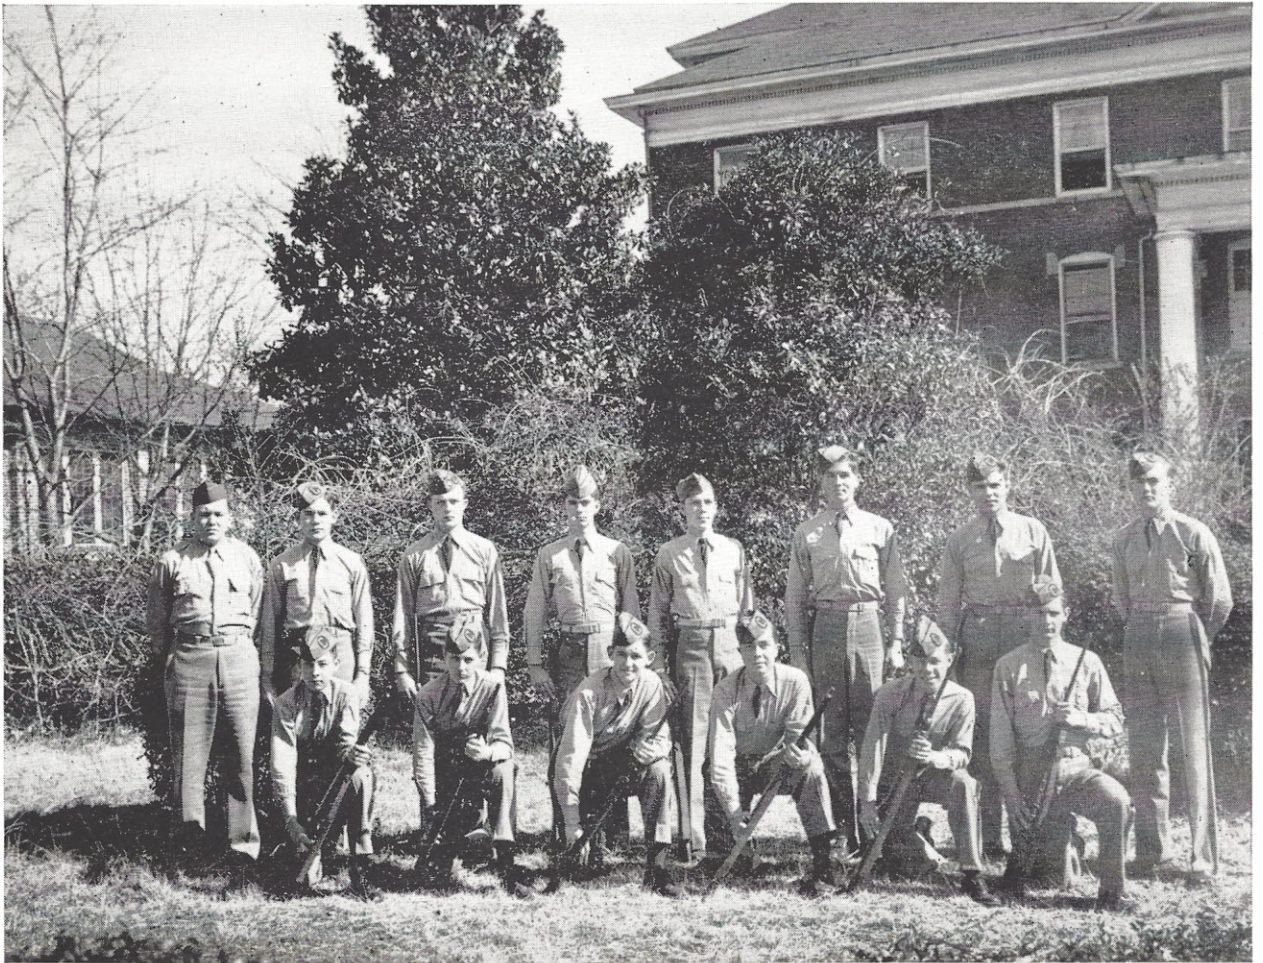

The non-commissioned officers at Carlisle are just as much the backbone of discipline as they are in the army. We believe this to be true because of the wonderful showing that they have made, and we feel that very little could be accomplished without their assistance.

NON-COMMISSIONED OFFICERS

Realizing that a good rifle team is a valuable asset in any military organization, twelve men with the highest scores were chosen out of the fifty members in the "Rifle Club" to represent the school as the "Rifle Team."

Under the capable instruction of Captain Waddy Thompson, and the management of Henry Eddy, they made a team of which the school was justly proud.

The "Rifle Team" competed in the following matches: Fourth Service Command Rifle Match, Hearst Trophy, and Roosevelt Military School.

*First row, left to right: Salley, Risher, Due, Sineath, F., Smith, D., Perry.
Second row: Capt. Thompson, Andrews, Custard, Willis, Davis, D., Kersey, Hunt, Eddy.*

FOOTBALL

The 1945 football squad started with the intentions of having a very successful season. Through hard practice the inexperienced learned the tricks of football. They were taught to run, block, and tackle, and in a period of three weeks after the first practice the team played its first game. Before the squad received its full strength the season was brought to an end. The team made a good record for itself even though it was green in experience. They didn't win all of their games but they had a fighting spirit.

The football team wishes to take this chance to thank the coaches for their valuable assistance and coaching without which we would not have won a single game.

BASKETBALL

Why mince words—the Carlisle quintet was not all that we had hoped for. In fact it was disastrous; all in all we did not win as many games as we would have liked to, but the spirit was there. As the scores show we were not often on top, but our opponents knew that they were up against a good ball club. For example, look at the shellacking we gave Walterboro. We are all looking forward to a more successful season next year.

Going to beat North Charleston?

Leave it to du Fief, resting again.

The C. B. I. (Carlisle Bureau of Investigation) is composed of the Cadet Major, and four company commanders with a faculty advisor.

The purpose of this group is to uphold and maintain the rules and regulations of the school.

These men with the co-operation of the corps of cadets were able to meet the responsibilities of their position this year more effectively than in past years.

Left to right: Major Custard, Captain Nihoul, Captain Patton (Faculty Advisor), Captain Griffith, Captain Warren, Captain De Luca.

HONOR COUNCIL

This year the orchestra has had an unusually successful season furnishing the school with an assortment of popular tunes for the cadets and their local "ladies" who attend the dances.

Under the leadership of Captain W. R. Padgett, the orchestra has provided many a gala night of music and entertainment in the school gymnasium.

Everyone is grateful for the fine work done by the "Brigadiers." We are certain that without their help in providing entertainment for the cadets throughout the year, the year could not have been as successful and pleasant.

DANCE COMMITTEE

First row, left to right: McAbee, Griffith, Allsbrook, De Luca, Eddy.

The main social activity of any school is its dances and this year ours have been a big success. Dances are a form of recreation that a school of this type needs as it helps add to the spirit and morale.

Most of you cadets remember the first time you and your date came to the first formal of the year and you had an argument because you didn't want to go down the receiving line and she did, or was it the other way around? The final outcome was that you did go down it after Colonel Risher told you to hurry up and get it over with. We all remember the very first dance because that was the dance where the first year men tried to show off by acting as if they were "God's gift to women."

The majority of our dances this year were a great success, and we hope that the dance committee next year will be as successful in the planning of their dances.

The Literary Society is made up of thirty-four picked boys who are interested in Public Speaking and Debating.

Its officers are Hib Robertson, president; Jerry DeLuca, vice president; Brad Smith, secretary and treasurer.

The club is divided into eight debating teams and on each Monday night two teams debate before the club unless the instructor in public speaking is present and the classes in speech are held.

The club was too late in getting organized to become a member of the district debating league but it hopes to become a member next year.

Seated, left to right: Orvin, B. (Critic), Smith, B. (Secretary), Robertson (President), De Luca (Vice President), Rosholt (Critic).

First row, left to right: Crosby, Smith, D., Chauncey, Risher, Cuevas, R., Salley, Norton, Orvin, W., Schoonmaker, Cruit, A.

STAFF

The school paper staff this year was organized about two weeks after the beginning of school and since then has been very busy trying to keep the corps well informed on the happenings around school.

The paper staff at Carlisle as in other schools attempts to keep the cadets in the know. This year's staff has been a competent one, but due to the lack of certain facilities it was unable to do all the things which it had planned. We feel, however, that they have made the most of the resources which they had. We would like to take this chance to thank them for their year's work.

First row, left to right: Paulsen, Summerford, Norton, Bonham, Orvin, W., Stroud.
Second row: Mirkis, Morgan, Biron, Risher, Doubleday, Dunwoody, Orvin, B.
Third row: Ellis, Williams, R., Warren, Cruitt, M., Rosholt, De Luca, Scheetz.

First row, left to right: Colonel Risher, Maffett, Lain, Chauncey, Davis, A., Smith, W., Warren, Stroud, Dunwoody, Amos, du Fief, Williams, R., Grim, Wallace, B., Mr. Cadle (Flight Instructor).

Second row: McAbee, Simmons, Davis, D., Fogle, De Luca, Banchanski, Eaddy, Cruit, M., Lynch, Solomons, Summerford, Martin, F., Mills, Carlisle, Williams, W.

The "Flight Club" was organized in 1944 and since that time approximately twenty men have soloed and received their student's license. This club was organized for the benefit of those cadets who wished to learn to fly and to operate an airplane.

All flying instruction is given by Mr. A. E. Cadle and Mr. V. E. Clarke. The flying is done from the Carlisle Air Field.

The members of this club who meet the standards set by the Bamberg Pilot Club have the chance to join that club.
