# *A Message from the Headmaster*

YOUNG GENTLEMEN:

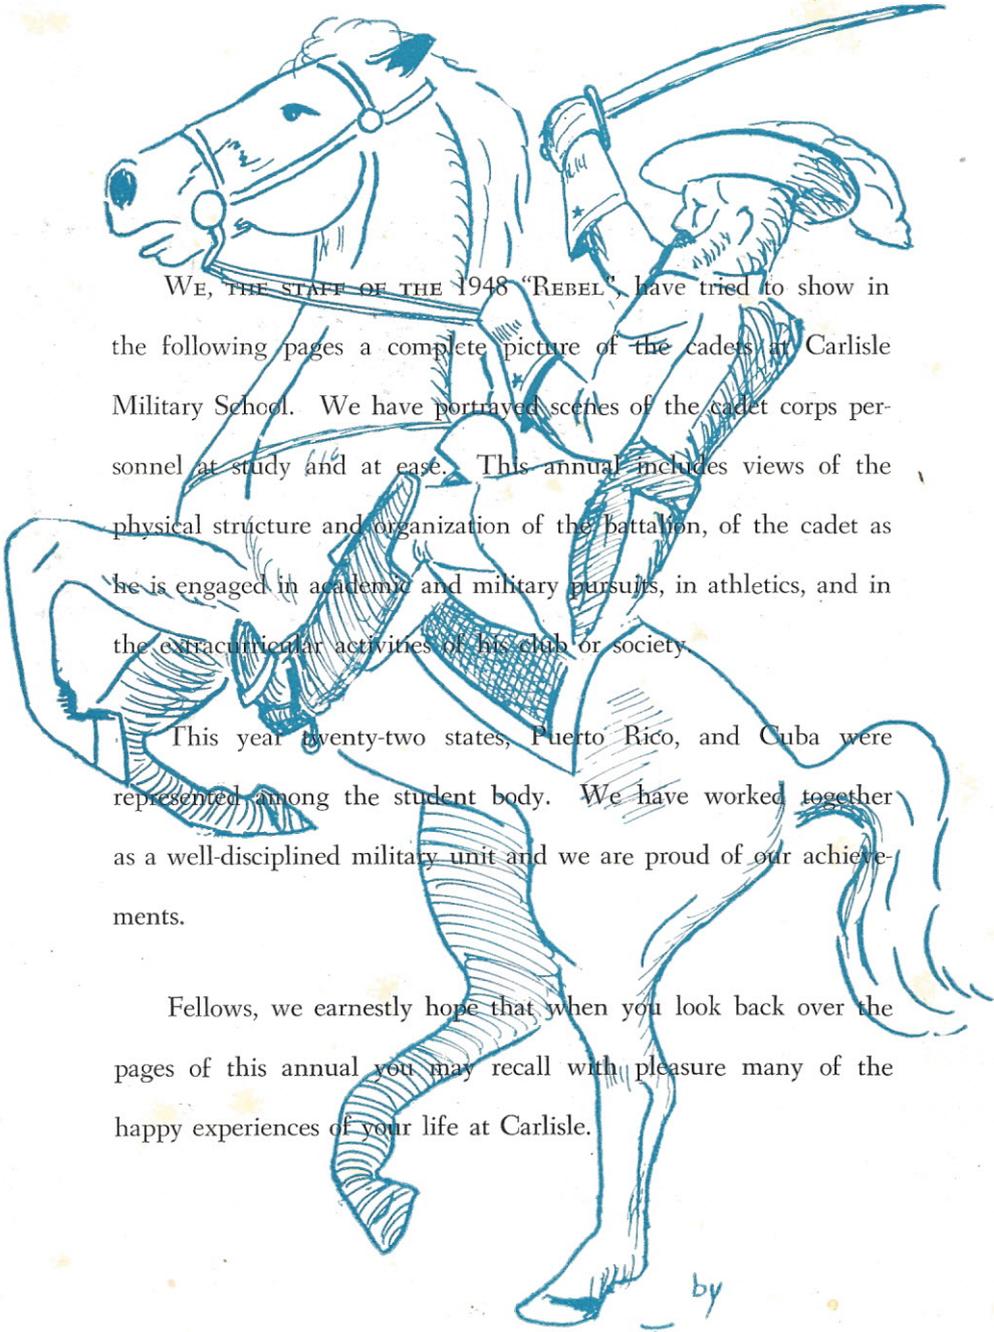

The world does not owe you a living. God through nature provides that you may earn a living. Love and Labor are the only doors to happiness.

Yours sincerely,

JAMES F. RISHER

# FOREWORD

WE, THE STAFF OF THE 1948 "REBEL", have tried to show in the following pages a complete picture of the cadets at Carlisle Military School. We have portrayed scenes of the cadet corps personnel at study and at ease. This annual includes views of the physical structure and organization of the battalion, of the cadet as he is engaged in academic and military pursuits, in athletics, and in the extracurricular activities of his club or society.

This year twenty-two states, Puerto Rico, and Cuba were represented among the student body. We have worked together as a well-disciplined military unit and we are proud of our achievements.

Fellows, we earnestly hope that when you look back over the pages of this annual you may recall with pleasure many of the happy experiences of your life at Carlisle.

## DEDICATION

WE, THE STAFF OF THE 1948 "REBEL", proudly dedicate this yearbook to our faculty. We owe a great deal to our instructors not only for what they have taught us from books, but also for their interest in us and the friendly personal advice offered us on all subjects. We have not looked upon them as teachers to be feared and steered away from, but as friends who were always on hand to help us.

It is this association that we shall cherish when we leave our Alma Mater. What we have learned at Carlisle as a result of their penetrating insight and their patient and sympathetic understanding will be invaluable to us as we find our places in the broad field of life.

MAJOR JAMES M. GRIMES

*Commandant of Cadets*

A.B., Wofford College

Instructor of Mathematics and History  
at Carlisle 13 Years

THROUGH CO-OPERATION, EARNEST APPRECIATION, and interest in each cadet as an individual, our faculty strives to make Carlisle a better school—not only in our class work and what we learn about military, but also in the fundamental things of life—the things that go into the making of a cadet and a gentleman. These are the things for which our faculty works. School activities which are whole-heartedly supported by the faculty are basic in the building of moral standards and leadership. To our faculty members we extend our deepest thanks and appreciation. For now the time has come when we realize that sooner than we had expected we will be out on our own. Then we will be able to understand how much your guidance, your ever-readiness to help with our problems, no matter what they might be, meant to us. To you, we owe our all for our education and for making us what we are today.

## MILITARY

OUR WELL ROUNDED COURSE IN MILITARY, our discipline in barracks, our co-operation between faculty and cadets trains us to be good citizens as well as good soldiers. Our daily drill and Sunday Dress Parades become routine to us, but we realize that the training we receive makes us more able to serve our country in a world of peace and war.

THE "CROSS SABER CLUB" is one of the proudest and most highly honored organizations in the corps of cadets.

Here we find the living backbone of the corps. It is composed of the commissioned officers of the battalion, the band, and the staff.

These men through untiring efforts and willingness to work have obtained one of the highest honors to be bestowed upon a cadet—the rank of commissioned officer.

Carlisle officers stand ready to help you, and to uphold the high ideals and ambitions of the school and the organizations which they represent.

# Non-Commissioned Officer's Club

THE NON-COMMISSIONED OFFICER'S CLUB membership is limited to the Non-Commissioned officers of the school. It is in every sense of the word, an officers club; therefore it is one of the best organized clubs on the campus. The success of the school as well as the conduct of the Corps of Cadets depends on these officers.

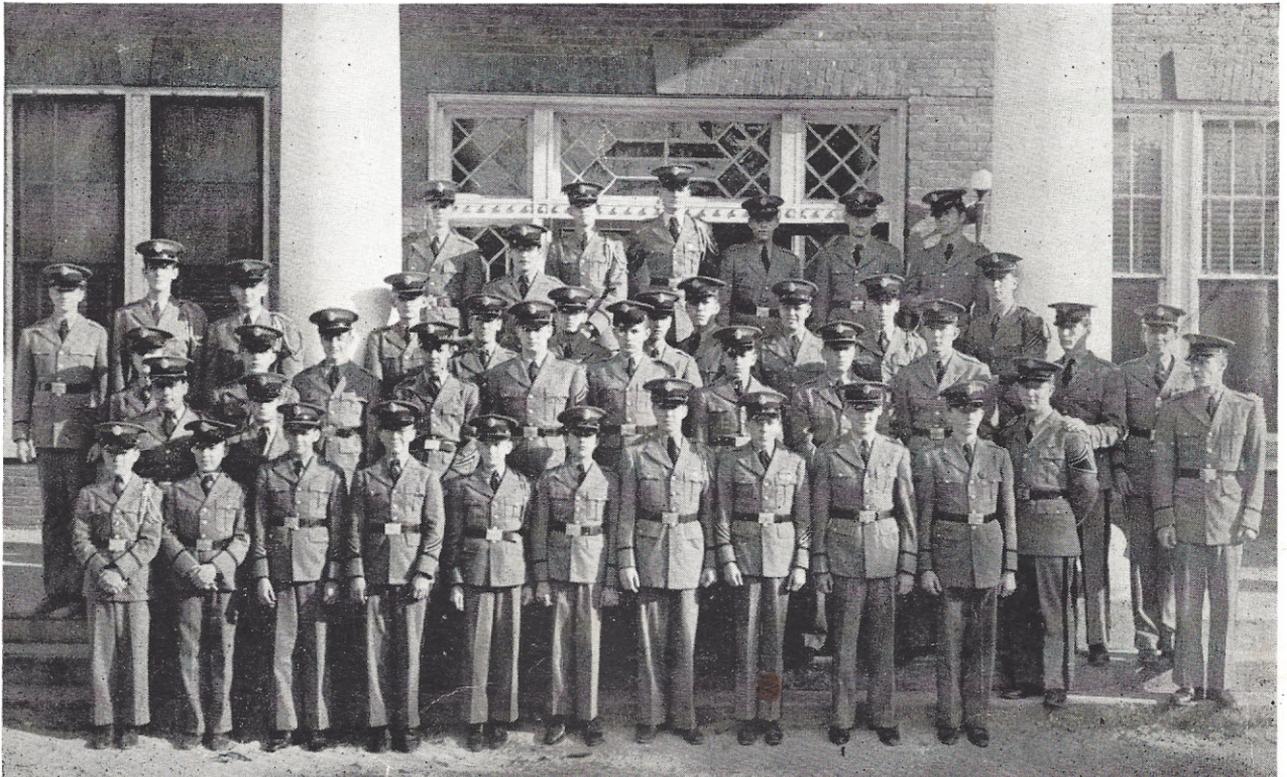

It is said that the Non-Comms are the backbone of the army. We believe this because very little could have been accomplished here without their aid and guidance.

Through determination and courage "Dumbo" has boosted himself to the top of the popularity list with the corps of cadets. This slugging captain of our boxing team is always on the alert to prove himself to be the man we know he is. All the luck to you, and may your life always be successful.

## GUSTAVO J. BENITEZ

Santurce, Puerto Rico

"GUS"

"Gus" as he is known by the cadets is one of the best liked boys in the school. Although he came here from Puerto Rico with little knowledge of American customs, he soon showed his ability by quickly obtaining "the knack" for the American way. We will all miss "Gus" and we know he will be a great success in life. If we never meet again here's wishing you all the luck in the world.

## JOHN TRENHOLM BENNETT

Charlotte, N. C.

"B. P."

Just as some various happenings have to grow on odd persons so was the case of this fellow, but just as in the former case, and by following the old expression "EVERYTHING HAPPENS FOR THE BEST", I'm sure that every one of the students at Carlisle would have felt thoroughly disgusted with life if they hadn't ever had the opportunity of actually becoming acquainted with him. We all wish you the best of luck—"B. P."

"BRAS"

About all we can say about "Bras" is that he is really gifted with the knack of writing. If ever anyone needs help with some theme or some report, they would only have to look up "Bras" and their's would come out way ahead of everyone else's. Carry on "Bras".

### JOHN ANDREW CARLISLE

Hagerstown, Maryland

"QUIET JOHN"

Hailing from the thriving metropolis of Hagerstown came "Quiet John". Never lost for words, but always limiting his words to those few necessary to express his thoughts was one of John's most unusual traits. Carlisle has lost a scholar, a gentleman and a cadet. The world has gained a citizen, who will soon make his mark.

### LEON WARREN CASTLES

"T. P."

Every year a person's mind grows broader and can judge others by their actions. "T. P." started at Carlisle in '46 as a Soph. and has worked himself up and into the Senior Class of '48. It is because of this that I say: "We, the Senior's of '48, have all the confidence of the world in you, "T. P.""

### ROBERT CHAPLIN

Hartsville, S. C.

"BOBBY"

Well! . . . you'd probably say if you ever walked down the corridor of the second-section shortly after fall-in to call-to-quarters had blown. A person would think that the wild west bandits of old had come back, but it would only be "Bobby" with his handkerchief across his face sweeping the hall. By the way, "Bobby", that hall really sparkled.

### DONALD PAUL COFFELT

Falls Church, Va.

"DON"

Don, although a senior his first year, has made an impression on the boys that shall never be forgotten. "Don" with his friendly smile was always there to lend a hand when trouble came your way. No matter where he goes there is happiness, and we know he will make good always.

### HUGH L. COTTON, JR.

## LAWRENCE DON DAVIS

Lawrel, Maryland  
"DON"

One of the four outstanding company commanders of 1948 Don needs very little introducing. "Why wear yourself out by walking your means and extremes off and sulking when you're feeling blue. Live! Be Merry! Forget the world and abide by your duties." That's "Don" anywhere.

### RICHARD EUGENE DEETER

Washington, D. C.

"APE"

"Ape" is a fine high school football player, but he met with a rather serious accident in his second game this year which caused him to forfeit his knowledge of the game. Even with all this none of us worry about "Ape" and we're sure he doesn't worry either, because there has always been such a thing as "Spirit" and this spirit still remains with us when we think of you, "Ape" so stay with whatever you want—we're with you.

### GEORGE THOMAS ECHOLS

Savannah, Georgia

"TOM"

"The Duke of White Bluff," Savannah's gift to the women, has always been as successful in making friends as he has been as an officer. If his characteristic enthusiasm, and friendliness remain with him after graduation day, he can be sure of succeeding. Although we realize the world will gain by our loss, it is with heavy heart that we bid this love-sick senior good-bye.

For a while we were uncertain as to who would be our smallest Senior this year. ### JAMES MURRAY HICKS

Bainbridge, Georgia  
"JIM"

"Jim", our veteran pal, first started here at Carlisle in 1943 and had the fortitude to return and complete his unfinished business here. This is why we feel so much more closely toward him than most others here. And, too, he was never too busy to stop and have a few words with anyone. All this certainly meant an awful lot to us at times, "Jim".

Our largest Senior came to us in his Senior year which was rather hard because of the principles of rat-year. If you know "Wuddy", this year's class beauty, and if you have ever seen him in a boxing exhibition you'll know that beauty doesn't by any means always refer to the adjectives cute, calm, and gentle as a lamb. He is as dynamic in the ring as he is with his personality. If ever a more liked cadet enters Carlisle, he'll have a long way to go to equal the standards set here by "Wuddie". ## SENIOR CLASS PROPHECY (Continued)

After completing our trip through the Athletic Buildings, we took a taxi to the Science Building. To our surprise the taxi was being driven by John Dobson. When we arrived there we were met by our old classmate Thad Toomer who was now Director of the Science Department. He informed us that we should be quiet because Dr. John Carlisle was working on his "theory of relativity" and he didn't like to be disturbed. Also associated with the Science Department were Profs. Stewart Myers and Dr. Bob Paulsen. We wanted to enter the Biology room, but it was in the process of being painted by Bobby Timmons and his assistant Don Coffelt, so we decided to resume our tour of the campus.

This time we chartered a super-sonic plane from the Douglas Spink Airways Service in Bamberg, it was then that we were informed by the pilot Tony Cruit, that Bamberg was now the third largest metropolis in the world. While flying through the clouds we noticed the magnificent new Olin Lewis Memorial Athletic Field, named after our former classmate and Carlisle's famous head basketball coach. Our first stop after landing was the enormous new Carlisle Cathedral. There the cadets of all denominations were presided over by the Right Reverend Robert Clayton Lewis. Pee Wee told us that Richard Gillard and Jim Hicks were his assistant pastors. We were momentarily disturbed by the sound of electric saws and atomic powered hammers. To our amazement these devices were being controlled by our Alma Mater's new maintenance engineer Maj. Robert Hunt. We greeted each other and he informed us that we ought to take the "Rocket Subway" towards the school shopping center. Another surprise came to us when we learned that Pete Crolley was the subway conductor. After the subway stopped and we stepped on to the platform, and started walking a strange character advanced towards us and tried to sell us a genuine diamond ring for twenty dollars. On looking twice we discovered that the anonymous huckster was economical Abie Saks, trying to make an honest living. After re-newing acquaintances and buying the genuine "dime one", we took the robot controlled elevators to the upper level on the highway. Strolling down the avenue we were attracted by a large fluorescent sign advertising the Double-T Radio Shop which was owned and operated by Richard Travis and Hugh Thomas. Here we were told that Jimmie Gaines had just opened his new 25 story, million dollar funeral home. When we again arrived in the streets we noticed a stupendous bill board announcing the arrival of Dick Wilkinson's "World of Merriment Carnival". Heading his review were the talented "Cuban Bombshells", Jenaro "Cugats" Gutierrez and Renaldo Sanchez. Right below the sign was the "Ape" Deeter Sanitary Barber Shop. Then for a moment we were blinded by the sublime Leon Castles Motion Picture Colosseum. The production on the screen was "The Torrid Love Life of Mary Nell" starring Brooks Mikell. Just to break the monotony we decided to take the "Missing Article Steamship" owned by John Newton—on our way back to the Administrative office. On the liner we met Johnny McTeer and Johnny Doyle who had just returned from an entertainment tour of the continent. We then discovered that Dick Wuersch was secretary to Maj. Tom Echols, now dean of Wofford College. After saying good-bye to Lanning and John C. we started on our long way home. Glancing back at the school we noticed a light shining in the dark night. Out of curiosity we went back to the barracks to see who it was. Upon arriving we found out that it was Don Davis, Jr., and "Mack" Sineath, Jr., preparing the prophecy for the 5000 page 1965 annual. In departing we, the writers, say that we hope they have more luck than we did.

# CARLISLE BUGLE

"THE CARLISLE BUGLE," official news organ of the corps of cadets of Carlisle Military School, is published at regular intervals during the school term.

Throughout this year the staff has endeavored in each issue to improve the composition of the publication and to cover thoroughly every phase of student activity.

The staff of "The Carlisle Bugle" sincerely hopes that the student body has enjoyed receiving and reading the newspaper. It has been a great joy and pleasure to publish it.

*Standing:* Sineath, Timmons, Manos, Gibson.

# Honor Council

*Left to right:* Risher, L. P., Echols, Delorme, Capt. Thompson (Faculty Advisor), Thompson, R., Davis, L. D.

THE HONOR COUNCIL is composed of the Cadet Major, the four company commanders, and a faculty advisor.

It is the duty of this group to assign judicial punishment to those cadets who by their actions have committed an offense which reflects discredit on the honor of the Corps of Cadets. When such a violation occurs the party is given a hearing by the Honor Council in which all evidence, testimonies, and witnesses are brought fourth in order that a fair verdict may be reached. This verdict, along with punishment, is submitted to the Headmaster for approval.

This Honor Council has almost unlimited powers in handling these matters, therefore, this group may be made up of capable and broadminded men of sound judgment.

# ORCHESTRA

THE STUDENT BODY is very proud of its fine orchestra. The members, equipped with their various musical talents and abilities, have gained their well earned reputation of being real "Music Makers".

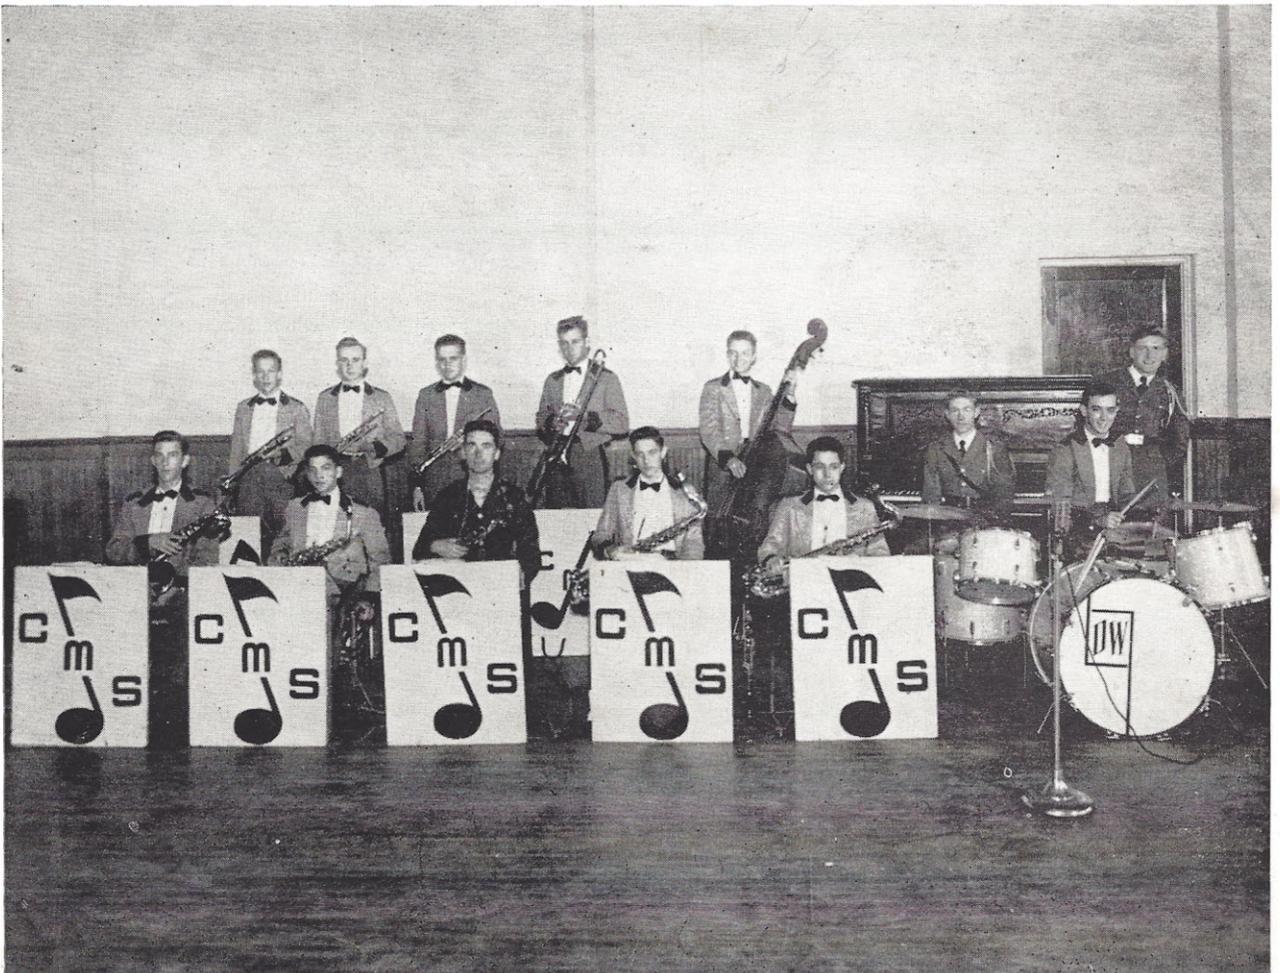

When the curtain rings up and you hear the familiar enchanting notes of "Stardreams", you are in for a gala night of excellent musical entertainment.

The orchestra under the direction of Capt. Rodney Padgett, plays for all the school dances.

Every man in school is grateful to the "Brigadiers" for the fine work and co-operation which they have displayed throughout the year.

## THE LITERARY SOCIETY

THE JAMES M. GRIMES LITERARY SOCIETY has made overwhelming progress this year. Under the excellent supervision of Capt. David Cromer, faculty advisor, they have learned much in the literary field.

There are twenty-five picked members from which come its officers who are: President Toomer, Vice President Risher, L. P., Secretary and Treasurer Cuevas, R. N., Critics Paulsen and Albrecht, Censors Cruit and Wilkinson.

On every Monday night the society members participate in public speaking and debates.

This year they entered a contestant in the National Oratorical contest as part of the year's activity.

# DANCE COMMITTEE

LORD CHESTERFIELD said: "When you dance, I would have you dance well".  
The Dance Committee suggests that you take this advice to heart.

The main social activity of any school is its dances. Dancing is a form of recreation that a school of this type needs as it helps add to the spirit and morale.

The majority of our dances this year were a great success and we hope the dance committee next year will be as successful in the planning of their dances.

CAPT. E. W. BURNETTE

CAPT. JAMES T. BURCH

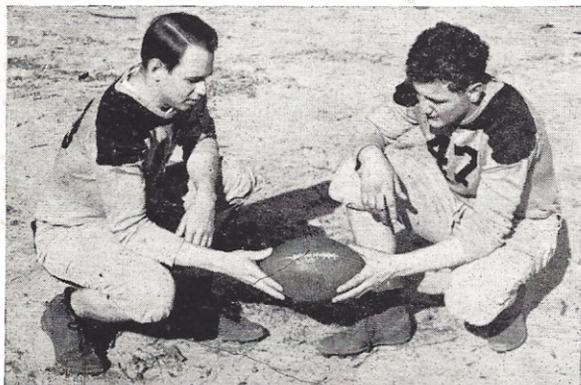

CAPT. GILBERT A. HOFFMAN

THIS YEAR'S SQUAD was handicapped because of its inexperience, but with the help of Coach Burnette and a few returning lettermen the boys began to function as a team. Although faced with this difficulty the whole squad dug in its cleats a little deeper, charged a little harder, and tackled with a little more ferociousness.

To Coach Burnette goes the credit for giving the student body a team of which it could be truly proud. Considering the time and difficulties brought on by the inexperienced, it is hard to realize just what a fine job he did.

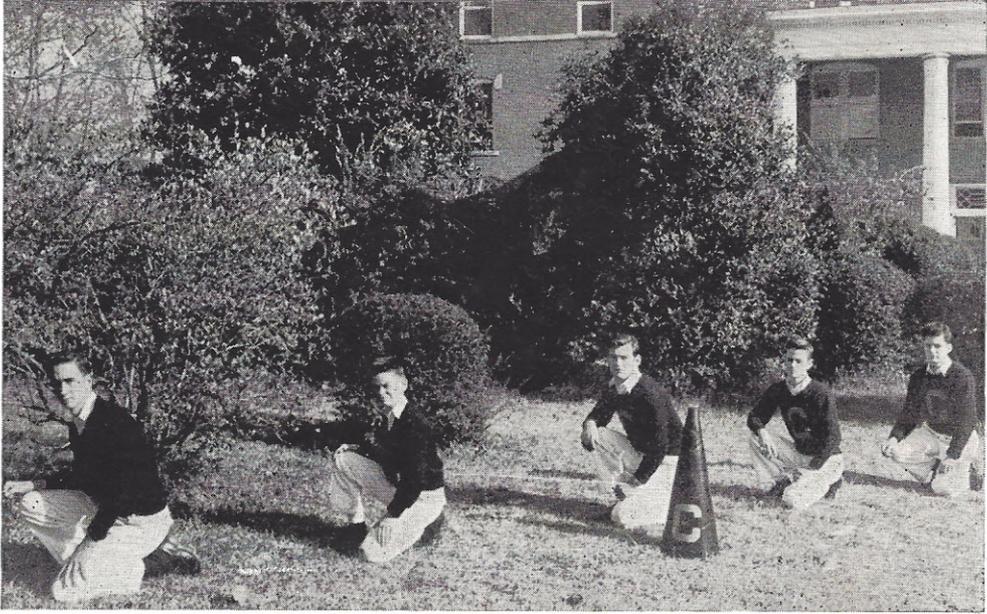

The boys worked hard every afternoon on the important fundamentals of football and their efforts were reflected during the games by their hard won victories.

THE UP AND COMING "CARLISLE PIVOTEERS" began what became a very successful season with five returning lettermen.

Along with the capable coaching ability of Coach Burnette and a host of talented and really fine material, the "Pivoteers" soon shaped into an excellent team.

The boys had confidence, coordination, speed, careful ball handling, and the ability to hit the goal where it counts most.

All of these factors, when added together, show why their opponents had to have an "A-1" team to put a lid on the Carlisle basket.

## Golden Glove Winners

*Seated:* COACH, CAPT. HOFFMAN.

*Standing, left to right:* HENRY, WATSON, BARBER, JESTER, JONES.

WITH A HANDFUL OF RETURNING RINGMEN and a host of new material, Capt. Hoffman, our capable coach and former Citadel boxing team captain, soon developed what proved to be a championship team. Carlisle's hard hitting team highlighted their very successful season by bringing home the "Junior Class Championship Award" from the Charleston Golden Gloves. The quintet pictured above took four out of five of their bouts in the finals. Barber and Jester received their decision via the knockout route. Barber thus earned the title of Junior Middleweight Champion of the state. Jones took an easy decision, whereas, Henry won his final bout by a forfeit. Little Don Watson easily won his first three bouts, but lost to a stronger opponent in the finals; however, he received a runner-up award.

Due to their magnificent boxing ability both Jones and Jester were selected to appear at the State Finals in Greenville, S. C. Jester came out on the victorious end by winning his first two fights by decisions and the final bout by knocking out his opponent in the second round. Through these fights Jester was selected Junior Featherweight Champion of the State.

Carlisle has reason to be proud of its fine boxers, for only through hard work and earnest effort could such a team have been developed.
