FOREWORD

The presentation of this 1968 **REBEL** marks the end of another school year. It was a long bumpy road at first, but with the help and cooperation of everyone it was possible to turn it into a smooth and short one. For fifty-three of us it has been too short and now we are wondering what is in the future for us.

We have done many things and have seen many changes but they are still memories now. But there is one thing that will be

with us for a long time, and that is the education that we have received from our teachers through the past years and to whom we are greatly thankful to.

As you look through this book it will bring back many memories of happiness and some of sadness.

The 1968 **REBEL** will always keep these memories close to our hearts as the years pass by.

THE SENIOR PROPHECY

The year is 1978, the time is early afternoon, the place is my beloved Alma Mater, Carlisle Military School. As I look around, I see that numerous changes have taken place since I last gazed upon the campus, way back in '68.

I see that where Guilds Hall once stood, there is now a modern, ten story building, constructed of native granite and stainless steel. This marvel of contemporary architecture was conceived by John Smith and Robert Buckland, who are owners of a lumber camp near Tenino, Washington and deal in construction work on the side.

At the rear of the building is the Carlisle Faculty and Alumnus Bar and Grill. This is located in the spot where the canteen once stood. As I entered and my eyes became accustomed to the dim lights and smoke, I immediately recognized some old classmates. The Senior Army Instructor and part-time bartender is Alex Stewart, across the bar was Bo Brooks, chairman of the board of directors for West End-Coburg, Inc. He was rapidly downing a buttermilk sling.

Further down, I see Paul Williams. Paul is a champion NASCAR driver, and next to him are Warren Adams and Gene Gohagan, his mechanics. In the corner I see Tom Jones, George Ballantine, and Butch Fogle. They are members of the Carlisle Faculty, and have only recently been hired. Tom is the commandant of cadets with George as his assistant. Butch is the head English and literature instructor. Their jobs were held previously by Glen Lewis, Bob Lemaster and Robert Allison. Hank Lee, Winky DeWitt, and Edgar Cancel are in charge of the maintenance crew.

As I walk into the club room, I see Arvin Day, Wade Bedingfield, and James Bible, all of whom are professional gamblers in Las Vegas, Nevada. Rodney Hurst has the same occupation until he was shot twelve times when he dropped a deuce and picked up an ace.

When I sat down to order a drink, who do I see but Dr. John Spigner, a neurosurgeon at Bamberg County Hospital. His specialty is transplanting fingernails. John told me that Bear Tindal and Arthur Merry couldn't make it to the reunion, but are both prospering as professors of surfing at the University of Hawaii.

Another of our classmates who is a physician is Stanley Adcock. He is a specialist in the transplanting of facial features and intelligence.

Just this moment, in comes Layton Lamb, Raymond Pase, and David Rigsby. Layton is the president of Union Industries, a company that manufactures warning lights and sirens for law enforcement vehicles. Raymond is president of the Royal Crown-Shurley Corporation, a manufacturer of hair care products. David is a U. S. Army medic, serving in Antarctica.

I suddenly realize that it is almost time for the kickoff of the Carlisle-Camden football game, a highlight of the day for all of us. As I make my way to the field, I recognize Art Magruder and Jerry Zapp. Art is a professor of mathematics and handball coach at The Citadel. Jerry is assistant coach and first aid man for the Carlisle Golden Cyclones, specializing in cuts that require stitches.

When I reached my seat in the pressbox, who do I see but Jacob Garrick, head disc jockey for the CBS radio network. I turned around and there was Jimmy Godwin, volunteer fireman and band director of Bamberg High School.

Just as the game is about to start, a yell of "Hi Yo, Silver!", is heard and there stands a five ton amphibious land rover with Tasmanian license plates. Disemberking from this vehicle are Jerry Pugh, Tommy Gnann, and Randy Thomas. Tommy, Jerry, and Randy are hunters and trainers of the rare, almost extinct Tasmanian Devils. Just in case the reader doesn't know what a Tasmanian Devil can be trained to do, he needn't feel alone, as I haven't the slightest idea myself. But they are apparently good for something because five ton amphibious land rovers don't come cheap.

Any way, back to the game. Carlisle scored twice in the first half and the half time show was highlighted by a rendition of the Carlisle Alma Mater by the U. S. Marine Corps band, the director of which is Bruce Hiller. Another highlight of the show was a baton twirling exhibition by Cliff Harper and Mathew England.

After this great half time show, I decided to visit the refreshment stand to get a drink. (Non-alcoholic of course, a Carlisle graduate must maintain a high standard of sobriety.) To my surprise, I was served by Tom Britton and Jere Ginn who have just finished the blueprints for the Carson M. Sturgeon Memorial Language Center. David Johns is the proposed president of this institution.

In the second half, Carlisle really beat Camden soundly. At the end of the game, not a sound was heard from the Camden side except for the confused shouts of Wally Alicea and Bill Kennedy, who got on the wrong side of the field. Both Wally and Bill are Head-Start workers in New York City.

As the crowd moved out of the field, I see Walter Lankait, Vance McCollum, and Joe Mauldin tearing down the goal posts. Walter is the president of an organization for the persecution of German-Americans. Vance is his assistant. Joe Mauldin is police chief of Seneca, S. C., and is unique in the fact that the only weapon he carries is a derby hat with a steel brim. His deputy is Mike Goodyear.

John Rinehart and Mike Schick also showed up at this time. Both are apprentice chemistry teachers at Vorhees Institute. Albert Slone and Val Tavel are both employed on a shrimp boat out of Edisto Beach that smuggles guns into Wilmington, N. C.

Just as I was leaving for home, Joe Vestal and Lynn Vickery ran up to my car, asking what time the game started. I hastily replied: "Maybe next year, fellows!" and made my getaway. I really hated to leave so abruptly, but I had to get back to an important assignment that had been given to me by the CIA. I had to guard Phoenix City, Alabama, against attack from North Vietnamese submarines.

I would like to take this opportunity to wish my classmates success in their endeavors, whatever those might be.

—TOM TUCKER.

The Intramural program at Carlisle was established to keep the boys not participating in varsity sports physically fit. It was introduced last year by Capt. Sidney Zemp, and has grown in popularity among the cadets. It has also been a great morale factor for the boys in that the companies compete against each other in sports such as baseball, soccer, basketball, volleyball, and football.

N. C. O. CLUB

Since its beginning a few years ago, the N.C.O. Club has progressed rapidly. Under the guidance of Major Jack Steadman, the club has built up to what it is today through the faithfulness of its members.

The non-commissioned officers income, comes

mainly from the Coke machines in various places throughout the barracks.

They use this money to purchase furniture and also have steak suppers during the year. We all wish to express our thanks to Major Steadman for his hard and never tiring work.

Dear Fred:

First of all, we would like to express our thanks to you for letting us help pick your 1968 "Miss Carlisle." The girls were all so pretty it was difficult to single out just one. It was a task parallel to that of picking the right play to run against a tough defense-but much more pleasurable.

May we take this opportunity to congratulate the cadets on their excellent taste in the opposite sex. You certainly could not have entered more worthy contestants than the ones we saw.

Thank you once again for the privilege of selecting "Miss Carlisle" for 1968. Best wishes to you, Fred, and to the cadets of Carlisle Military School.

Sincerely,

 John Unitas

FIFTH YEAR MEN

The fifth year men at Carlisle consists of those boys who entered the eighth grade here in 1963. These few men, six in number, can be considered the backbone of the school. They have seen all of the changes that have taken place over their five year's here at Carlisle, the biggest of which was

the change over from the N.D.C.C. Military program to the R.O.T.C. program at the beginning of their fourth year. This along with minor rule changes, gives these boys a sense of great responsibility, because they feel they have had the greatest amount of influence on these changes.

WELCOMES YOU TO BAMBERG!

There Will Always Be Someone Taking Your Measure!

Some measures are taken with a tape but the more important measures of life are taken by the people who size us up, whether it be a sweetheart, a classmate, a son or daughter, or a prospective employer. There is always some keen eye, whether we know it or not, scrutinizing the dimensions not only of our physiques but of our minds, abilities, and characters.

Your training at Carlisle Military School has been designed to improve the dimensions of both your mind and character so that when you graduate it can be said that here stands a Cadet foursquare to the world, ready and eager to shoulder the responsibilities which his particular talents and abilities qualify him to assume.

We measure Cadets for uniforms. Our customers measure us in their appraisal of our ability to execute a uniform contract satisfactorily. It will be a never-ending effort on our part to keep our measurements good in the eyes of Carlisle Military School.

We salute the Graduating Class and wish you all Godspeed in your chosen field of endeavor.
