

REBEL

No matter where you are,
Or who you are;
The sun will always shine.
No matter how unkind,
The words will always rhyme.

People you know today;
Some will drift away . . .
Some will hang around.
No matter how it's found,
"The End" can bring you down.

The friendship that you've known;
The friendship that you've shown.
The times you laughed or cried.
No matter how much the pride —
Leaving it hurts inside.

 Well it's that

 Good bye, but I

 Good Luck

Well, "Foghat" turned us down again this year . . . what can we say? Thanks to the Cero Staff and their dedicated advisor, however, we have managed to boogie in style. The Cero Staff has done a terrific job on setting up for the dances, and they deserve a hand for their efforts. In behalf of the Rebel, we thank you for your endless efforts.

We commend this group of young men for their fine sportsmanship off — as well as on the playing fields. Their will to achieve physical fitness and to enjoy sports, marks them as dedicated athletes. Congratulations to them on behalf of the Rebel Staff.

Lifeguards

Walker, Bash, Driggers, Crosby, Moorer, Haymans, Williams, Olliff, Hodge, Morris, L.

Take a close look at these young men, my friends. It is this small group of cadets who risk their lives for the people who swim the "tide." Notice their kind but stern facial features. These are the scars of their dedicated jobs. The stories are only told among each other, but these cadets are well known for saving lives. Of course, we could mention the time PEF had an asthma attack while searching for change on the bottom of the pool by the drain. There were six lifeguards on duty. Six, yes six, dove bravely into the water to save the poor guy. The only problem was that all six lifeguards, individually, were determined to save him. PEF was finally dragged out of the water, but not before he had nearly been water-logged by his rescuers. Their concern for water safety is known, and their rules are well adhered to.

Bus Drivers

(l-r) Haymans, Griswold, Vidaurre, Driggers, Forio (Head Driver), SFC Hill (Advisor), Driver (Asst. Head Driver), Patterson.

A vital necessity to the cadet corps is transportation. Under the fine coordinating abilities of SFC Howard Hill, these young men drive school vehicles to the various places the cadets need to go. From dental appointments in Orangeburg, to Drill Competition in far away cities, these drivers sacrifice their free time to transport the cadets to their activities. Thank you on behalf of the Rebel for your meritorious service.

Training Cadre 1975

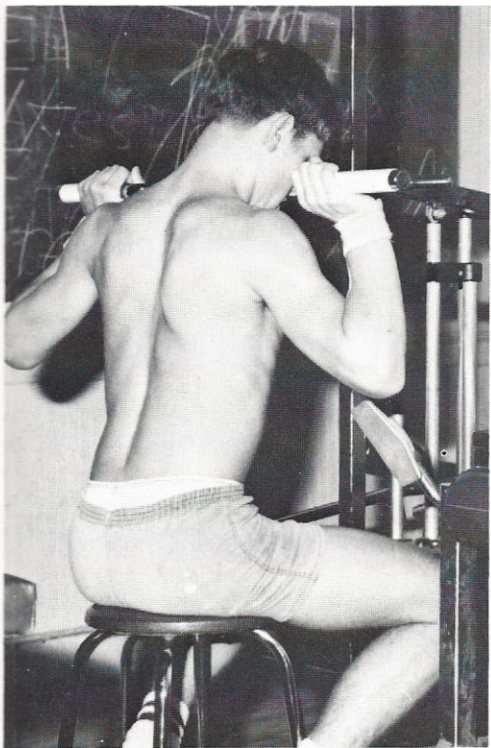

BOTTOM: Poling, Miller, McCaskill, Timms, Wallace, Bash, Polk, Haymans, Simmons. TOP: Grady, Smith, H. B., Forio, Chapman, Driver.

A select group of cadets, the Training Cadre is chosen by the Senior Army Instructors. It is their job to train the new cadets entering the school each year.

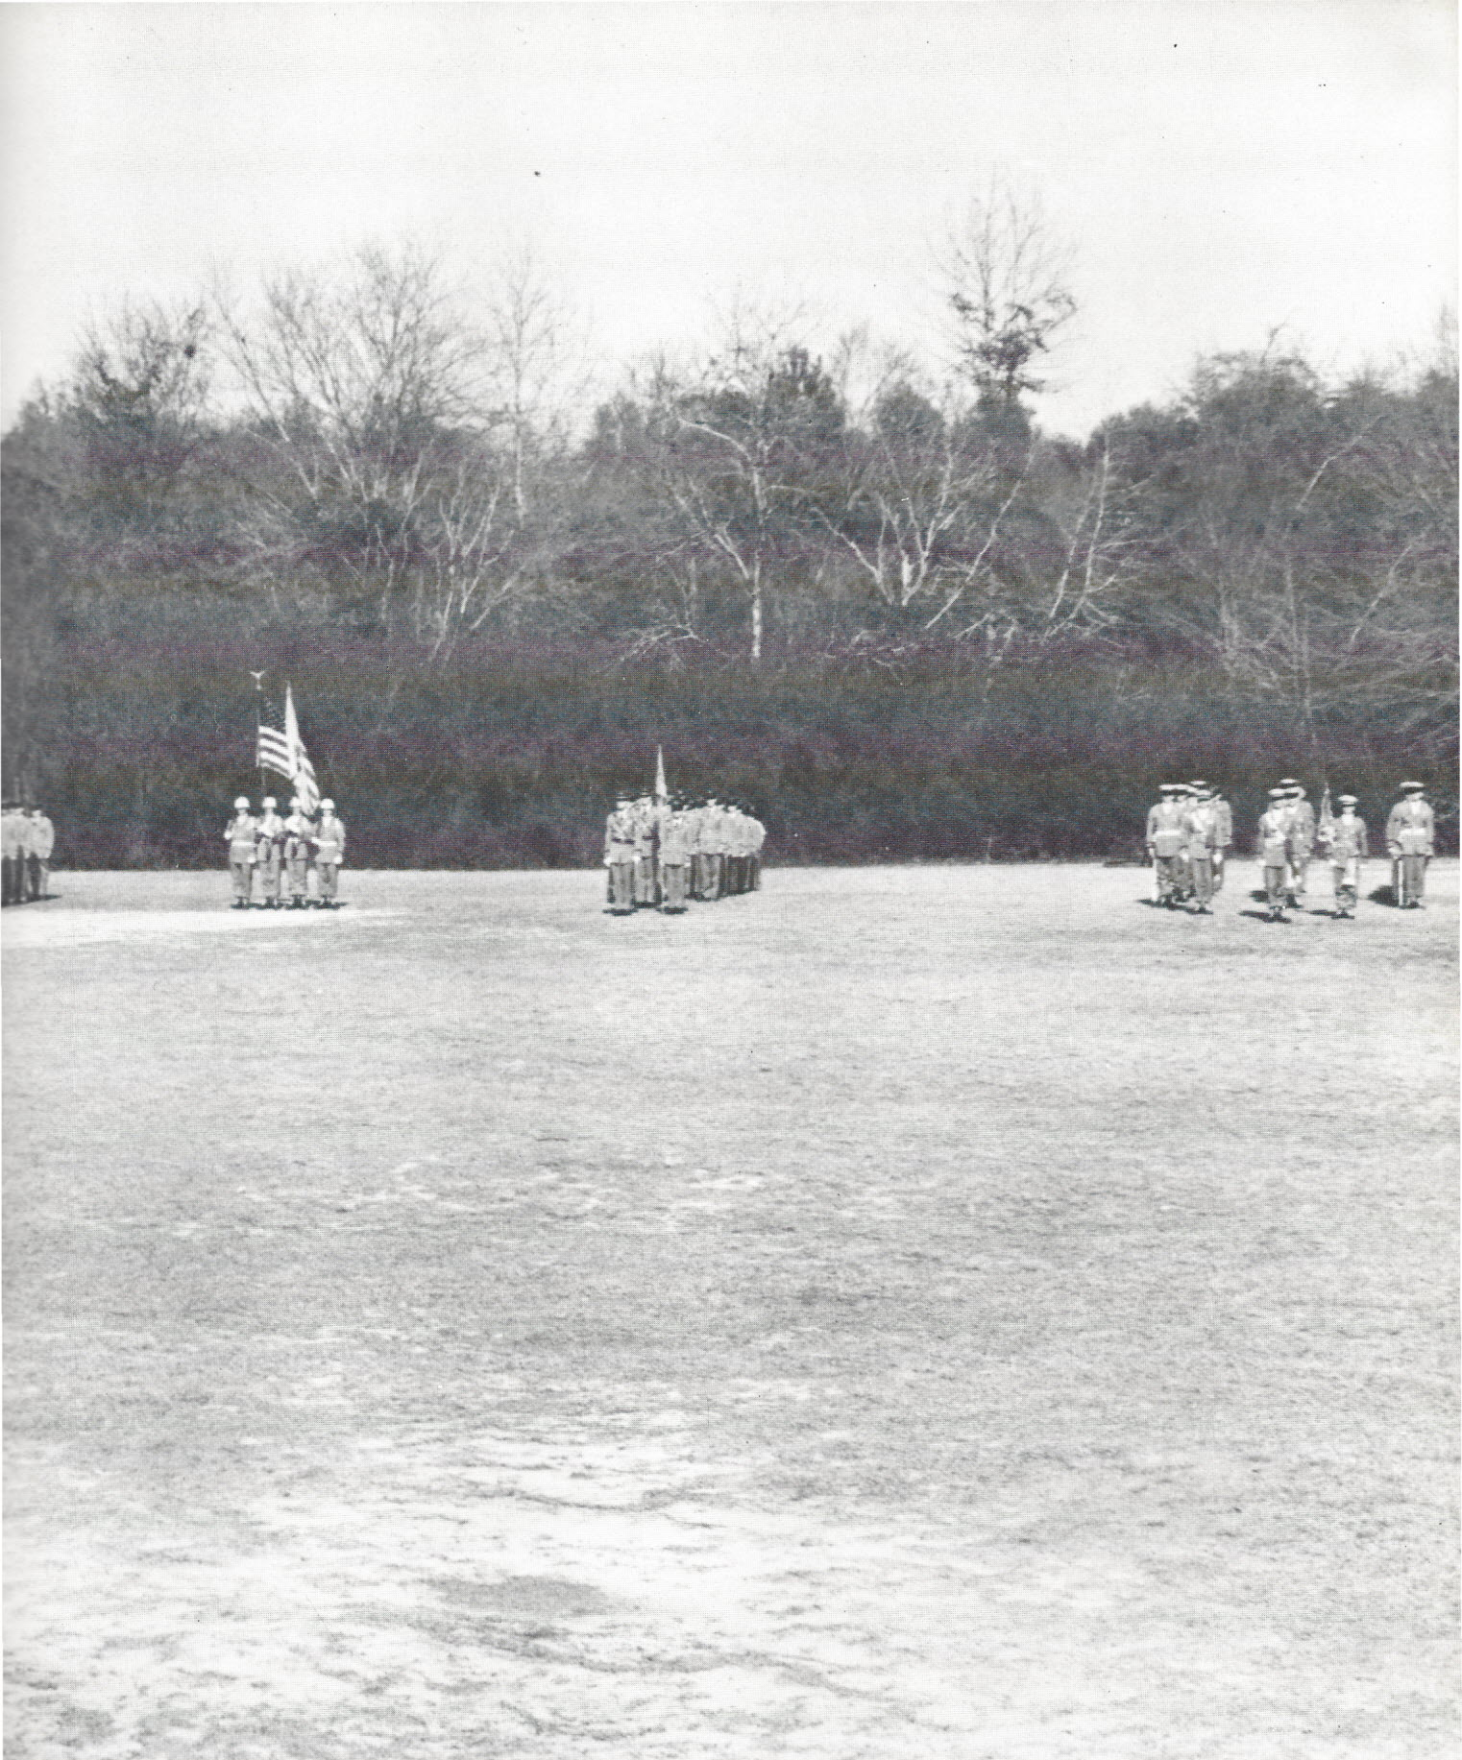

The length of the training period depends, naturally, on how fast the new cadets can learn. It begins two days before the old boys arrive, and ends approximately six weeks later. The Training Cadre came into existence in 1956, and has proven to be a valuable organization within the school.

Once the training period has ended, the new cadets are assigned to companies and given new roommates.

The REBEL would like to pay tribute to the men who gave their time to these new boys in order to teach them the basics of cadet life.

Honor Council

(l-r) Chapman, Hinely, Vidaurre, Forio, Hodge, Williams, Smith.

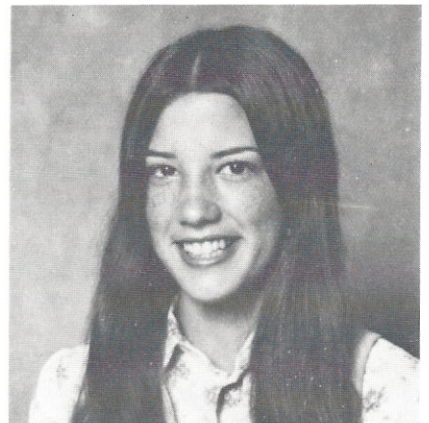

The 1975 Rebel Staff would like to commend this year's Honor Council. The members of this judiciary committee are the highest honored of all cadets. It is their duty to try cases where there is no direct evidence against any one person. Under the supervision of "Commander" Sullins, they have performed their tasks well.

Cross Sabre Club

All members of the Cross Sabre Club have several things in common. One is that every member wears the CMS Cross Arms Insignia on his uniform. Another thing that is found in each member is leadership. It is these men who run the daily operations of the cadet corps, and they are responsible for the progress of the Battalion. This year's club consisted of seventeen members.

REBEL STAFF DEDICATION

1975

Colonel William Risher

The 1975 REBEL proudly dedicates this year's annual to Colonel William R. Risher.

Being the Headmaster of Carlisle Military School is no party, to say the least. The REBEL recognizes this fact while paying tribute to a man for his determination and efforts to make Carlisle what we think, is the best military school around.

Colonel Risher: A dedicated man; a man of understanding; a man of patience; of unceasing concern for the welfare of the cadets and faculty.

Constantly visited by cadets at his home by cadets with problems; it's amazing that he has always shown the interest in trying to solve cadets' personal problems, when at all possible. To us, the Corps of Cadets, that is a lot to ask from any man.

Colonel William Risher, we thank you for your many brilliant qualities.

No matter where you are,
Or who you are;
The sun will always shine.
No matter how unkind,
The words will always rhyme.

People you know today;
Some will drift away . . .
Some will hang around.
No matter how it's found,
"The End" can bring you down.

The friendship that you've known;
The friendship that you've shown.
The times you laughed or cried.
No matter how much the pride —
Leaving it hurts inside.
