"I drive a burgundy Bronco," senior Brandon Altman said.

"My favorite type of car is a Mustang," junior Riddhi Naik said.

"I drive a 2002 Toyota Tacoma," senior Justin "Trey" Carter said.

"My favorite car is a 2006 GT Mustang," sophomore Iesha Burns said.

"I like the GT Audi because this type of car is fast," sophomore Tilloston Gadsden said.

Students remembered the day they first pressed their foot down on the gas to their V-6 power wheels or maybe even a gas friendly tricycle. It was in that moment they all began to dream of the day they would be able to take their driving to the roads and off the side walks. Cars these days are all about personality, if someone needs it; it's more than likely waiting somewhere for that person to discover. The big question is, which car was made for you? Senior Justin "Trey" Carter said, "My favorite type of car is a 1968 Shelby Mustang GT." Whether someone likes a classic like the 1968 mustang, a brand new 2007 Hummer, or maybe just something to get them from point A to point B, whatever form of transportation it is, everyone has a pick of their own. What yours?

Timothy Avant and Gregory Joye show off their trucks. "No matter if it's a Ford or a Chevy, they will break if you play in the mud, and we spend more time and money on our trucks than we do on our girlfriends," seniors Timothy and Gregory said.

Juniors Andrew HarveyJones stands beside his Chevy. "A Chevy is my favorite kind of vehicle," Andrew said.

Juniors Brandon Stanfield and Bradley Godley admire each others Dirty South vehicles. "Dirty South Mud Team - Stay Clean and Ride Dirty," Brandon and Bradley said.
