Ain't No Stopping Us Now

What an exciting year for the Junior Varsity Football Team. The football players enjoyed being a part of the team because of the goal's and achievements they have accomplished. Family is what made the football players work hard to be successful. Most of the football players said that whenever they were

discouraged, family was there to help them gain their confidence back. Football players enjoyed traveling to compete against their opponent, but they loved playing home games. They said home games were the best games to compete in because there was more support from classmates,

friends, family and people from their hometown. With the JV players positive attitude they will be very successful and achieve great things.
