Kick Off

Playing soccer wasn't just a one time thing. Some participants in the CCHS soccer program have been playing for up to thirteen years. Being the competitive sport that soccer is, it took a whole lot of hard work and dedication for both the Varsity and Junior Varsity teams. Last season was

a difficult one for the Varsity team due to the fact that ten of the sixteen teams they played against were ranked in the top 15 in the state. Four of their games were only lost by one point. "We could have had a very successful season had a few of the breaks gone our way. I think the players worked very hard and were very

competitive," Coach Reid said. Considering Varsity had a low roster, they performed very well. Junior Varsity also worked very hard and put a lot of effort into the game. -Callie O' Conner
