

While waiting for the lunch line to go down during second lunch, Michael showed off his green Girbaud shirt. "I wear green because it is my lucky color," senior Michael Bolton said.

Michael's Friends!

Talking to his friends on the way to class he stopped in the Commons. "I would describe it as life," senior Rachen Pinckney said.

Showing off his green Jamal stands by his lunch table during second lunch. "I like the color green it symbolizes money," senior Jamal Parker said.

Greeneriffic!

Green is the color of grass and trees,
The color of spring,
A color which pleases me.
Green is the color of nature in spring.
The color of a spiky green cactus.
Green is a grasshopper on a blade of grass.
Green can be light, bright, or dark.
Green can be fused with blue to make a new color.
A color that I like but not as much as green!
