

As junior John Givins sat outside after school Tuesday, he decided to throw up the Kappa League sign. "Kappa League is a great program for young men. We have the chance to go visit colleges, meet new people, and step," John Givins said.

STEPPING OUT

The Kappa League and Distinguished Women are two step teams we have at our school. They all work hard every practice they have to get the steps right before performing at a pep rally or some where else for the public and their fellow students at school. "Kappa League is a great program for young men. We have the chance to go visit colleges, meet new people, and step. Many people see the good things but not the hard work we put in it. We have to maintain a good GPA, a clean discipline record, and be a good citizen of CCHS. We also have to do community service hours once a month. The long hours after school studying and doing extra work pay off in the long run," junior John Givins, a Kappa League member, said.

Pookie's Friends!

As Denzel Hodges was on his way to Commander Armantrout Thursday he gave the Kappa League sign. "I joined Kappa League to be above everyone else. I didn't want to be just like another dude, and plus it's not voluntary, and you have to be chosen," junior Denzel said.

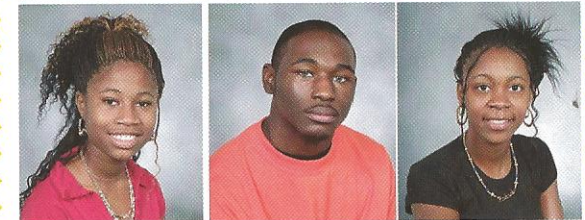

Junior Davante Pondexter was on his way to Mr. Thomas's class on Friday. He stopped to show his Kappa League spirit. "I joined to start a better life and try something new for a chance," Davante said.
