Senior Shatara Broughton watches as a ball hits the ground. "I have always played softball because I love it," Shatara said.

Shataras Friends!

Senior Shatema Broughton gets ready to field a ball. "Third is my favorite position, I know it better than somewhere else," Shatema said.

Senior Kimberly Robertson strides out to pitch another strike for the Cougars. "I love softball, I play during the summer with the Hurricanes too," Kimberly said.

Batter Up!!!

In 2007 the lady cougars had one of the youngest teams around the low country. Still being competitive, teams around the state ranked them in the top ten in the state. In 2008 they stepped on the field ready to take charge and championships. Sweating, freezing, wet and tired, the ladies went through it all to make it to where they wanted to be. After a tough start to the season they came back to capture the Region 8-AAAA Championship leading them to a number one seed position in the State Playoffs. They followed it with a complete shut down over all the teams in their District grasping that championship as well. Through tough battles the cougars went on to make it to the final six teams in the state, losing out to the reigning two time State Champs South Florence 2-1. Having the best season since they have been titled the Cougars, there is no doubt that the dedication and heart was there. Being on this team myself I can say with confidence that we gave it all on the field never giving up. The future for this team continues to shine bright, the potential and talent is steadily growing.
