Soccer is a very useful sport, not only to get in shape with, but to have fun too. The boys soccer team does 10 hours of practice a week, and some of the guys practice on their own as well. The coach of the boys soccer team is Kyle Coker, and Edward Fitch. Most of the guys on the team have been playing since they were little. Some of the players are thinking about persuing a career in playing soccer, but others have their heads in the books trying to persue their own dream.
