

VARSITY GIRLS BASKETBALL

The Varsity Female Cougars played with all that they had, and consistently improved each game. Thanks to Coach Perry Smalls helping them to advance their skill sets, they were able to play at the very best of their limits. They may not have won every game, but they were able to show what they were made of. Their most exciting game was with Bluffton, with a score of 32-31.

Freshman Kar'i Edwards says that "This season was good. We made a lot of mistakes, but in the end we turned out to play hard. The last two games were probably the best games we had."

Junior Arreyon Koger says that she wants people to think of the word "intelligence" when they think of her. Basketball requires both physical and mental skills to carry out plays and anticipate what may happen next.

Senior Allyn Wiggins says that if she had to give her underclassmen any advice, it would be to "come out, work hard, and give it all you can." She is proof positive of how far such a work ethic can carry an athlete.

"Confidence is what happens when you've done the hard work that entitles you to succeed" – Pat Summitt
