

BOYS VARSITY TENNIS

Throughout preseason, the boys varsity tennis team practiced long and hard on the courts. While practicing, they improved on hits, serves, stamina, and how to come together as a cohesive team. During the season, the boys stayed determined and dedicated to the art of tennis and did not let a loss get them down. Being a tennis player takes a tremendous amount of hard work. One must always strive to be the best that they can and continue to work on their weaknesses to develop a strong overall game. The Colleton County Boys Varsity Tennis team had another great season and continue to improve individually and as a group year after year.
