

# JV BOYS SOCCER

**JIMEQUE BROWN//**  
Freshman Jimeque Brown advances the ball up the field past the defenders.

The goal of a junior varsity team in any sport is to grow in preparation for the varsity level through rigorous endurance training. Boys soccer does just that and a step further by creating a strong core group of young athletes who work together as a team. Establishing leaders in these young boys who strive to become the team captains in the varsity league. The goal of the program has always been to create a foundation of beautiful soccer skills and more importantly, excellent sportsmanship. This season the boys have proved their sportsmanship by playing their best without letting their past wins and loses affect their attitudes.
