The Varsity Cougars boys basketball team did extremely well this season. This is the first year for the new coach Matthew Mullins, and our boys went all the way to the second round of playoffs. The team also made history by capturing the first Region VII-AAAA Championship. They finished their season off 18-7 overall. "I am extremely proud of my guys for making history," says Coach Mullins to the Press and Standard. "All year we talked about what it would mean if we were the first team to make it. For the seniors, it's something they can come back to and point at on a banner. For the underclassmen, it sets a new standard."

HUDDLE UP!

The varsity boys basketball team huddles together to talk about their game plan before the game began.

PASS IT!

Junior Jermaine Parker (#4) says, "everyone on the team brings something to the table so we need each other. I'm proud of my team."
