J.V. Girls Enjoy Season Success

The girls J.V. had a successful year during the 1990-91 season. The girls' coach, Danny Parnell, had coached the team for 4 years. Tony Pimentel, a student at USC-Salk, stepped in as assistant coach in January. With the guidance of Coach Parnell, the girls came away with only losses and were victorious over their toughest competitors, Orangeburg Prep. O.P. has always been an arch rival, and is considered a "shoe-in" for the conference championship. Compared to previous seasons this was definitely a great

year for the girls and there is likely to be even more improvement next year. Starter, Ginger Speaks for example, will only be an eighth grader next year, "Moving up from B-Team last year hasn't been too hard. I like getting to play tougher teams and practicing more often."

The J.V. Girls proved to be number one throughout the season. Beating their opponents time after time, the girls went into the conference tournament as the top seed. First Baptist was a tough opponent in the tournament, but once

again the War Hawks were victorious. This victory won their title as the 1990-1991 Conference Champions. They also ranked number one in regular play.

Working as a team, practicing hard, learning the plays ... these are all ingredients that helped put together one of the best J.V. girls teams. As Tracy Tittle said, "All the sweat is worth it when you look at the scoreboard and you're ahead."
