

Homecoming week has always been a favorite of the class of 1997.

A Piece Of The Past

1979-1997

As the Class of '97, who were born in 1979, prepares to say good-bye, they reflect upon all their memories that they have shared in the past. As the seniors look back they remember lower school days of coloring and just being a kid. They remember eager middle school children being able to play sports and going to Camp KATE. High school memories include parties, building the prom, etc. The seniors know that these memories will last a lifetime and the Class of 1997 will always be dear to them.

Brandon and Stephanie make friends with the mascot.

The class of '97 clowns around in Mrs. Black's 3rd grade.
