The 1997 Talon was produced by Jostens Printing & Publishing Plant in Clarksville, TN. This issue consists of 164 pages of 80# double coated glossy paper. Palatino type style was used throughout the book in 12 pt for body copy and 10 pt for captions. Editors chose their individual headline styles. The TALON was designed and prepared using a Power Macintosh 6100/66 computer, Aldus Pagemaker 5.0. The cover is a True Life Litho Cover with a trim size of 7 3/4 X 10 1/2 and the board weight is 120. The endsheets are smoke gray 297. 240 copies were printed and sold at \$30 each. The first deadline was 10/14/96 and the last was 2/3/97. The Worldbeat magazine section was prepared by Worldbook Encyclopedia and Jostens. The Jostens' local representative to CPA is Jack Young.

The editor-in-chief would like to give a special thanks to Mr. Dale Dittmer for the many times he helped the staff. His time and efforts are greatly appreciated. Other thanks go to Jack Young, our Josten's representative, the staff, family, and friends.
