

# THIRD

*The third grade this year got a new teacher. Mrs. Janice Wolff joined the CPA staff and provided many things to keep the class challenged. Time spent in class was devoted to learning adding, multiplying numbers and fractions, and graphing. But all work and no play can be hard on a little body. The 3rd grade got to go to Charleston and visit the Exchange & Provost Dungeon. They also visited Fort Sumter to learn about the Civil War.*

Marley Linder and Gus White put the conservation on hold to smile for the camera.
