

SECOND

For many people second grade is the elementary grade they remember the most. Gone are the days of naps at lunchtime, and getting out of school at 12:00. Learning how to write in cursive is just one of the many new responsibilities these students took on this year. Three students placed in the Colleton County poetry contest. Janet Buckner returned to CPA this year and kept her class entertained and educated .

Mrs. Buckner's class waits for their next lesson to begin.

The 2nd grade class diligently works on their assignment.
