

# Graduation 1997

Graduation 1997 meant big changes for everyone who was involved. The Kindergarten started their long voyage into school while the Seniors ended theirs. The Kindergarteners were filled with anticipation and pride as they received their diplomas and began to really grow up. For the Seniors it was a time of reflecting on memories they've shared and facing the challenge of college that was soon to come. Both were very special occasions.

Joshua Bell proudly shows off his diploma at the Reception.

Kristi Rahn, Kate Cannon, and Lanie Utsey are ready for graduation.
