

A season of learning...

J.V. Football 1998

This year was one of learning for the J.V. football team; learning to deal with adversity. The team battled better competition this season, after having run the table the past two years. Hours were spent learning new offenses, defenses, routines, and basics such as tackling, running, and blocking. "Get your knees up.", "Keep your feet moving.", "Do it again." and "Run." were heard often. As the year progressed, "Let's go.", "Good job", and "That's it!" began to be heard. The players worked hard to improve their skills and their team. With contributions from all, each week saw improvements. The large and talented Freshman class will be missed, but the future looks bright.
