

Best Friends

We've been friends since we've been born
Deep in Cabbageville--in patches of corn
We've been thru it all--good and bad
Sometimes each other is all we had.

We've been thru pain, hurt, and sorrow
We'll be there for one another always tomorrow.
Thru giggles, tickles, fun, and laughter
We'll be there for each other ever after.

You are the sister I never had
I'll love you thru good and bad.
No matter where our lives turn or bend
We'll always be best of friends.
